Writing Constitutions Wolfgang Babeck, Albrecht Weber, 2024-02-26. Writing Constitutions intends to serve as a practical manual for those writing constitutions or interested in their design. It is the first systematic and universal approach to coherently capture concepts and contents of a modern constitution. Volume II is a user friendly guide covering the current best practice in human rights and contains a draft catalogue of human rights. It empowers judges, lawyers, civil rights activists, legislators, and academics to draft and interpret over 70 Human Rights and strengthen democracies. Writing Constitutions comes in three volumes: Volume I Institutions, Volume II Fundamental Rights, Volume III Constitutional Principles. **Laughing Matters** Giorgio Baruchello, Ársæll Már Arnarsson, 2023-11-06. Part 2 of Volume 3 addresses in detail the conflicts between humor and cruelty, i.e. how cruelty can be unleashed against humor and conversely humor can be utilized against cruelty. Potent enmities to mirth and jollity are retrieved from a variety of socio-historical contexts ranging from Europe's medieval monasteries to the 2015 Charlie Hebdo massacre. Special attention is paid to the cruel humor and humorous cruelty arising thereof insofar as such phenomena can reveal critical aspects of today's neoliberal socio-economic order. In parallel settings where humor has been used as an instrument to cope with suffering, cruelty, whether natural or human in origin, are also retrieved and discussed. These also vary greatly and encompass domains such as hospital wards, 20th-century Jewish ghettos, and contemporary funeral homes. A set of concluding reflections is then offered on the psychological, theological, ethical, and metaphysical roots of humor and its cruel rejection. Like Aristotle and Dewey, Arnarsson and Baruchello do not define their terms at the outset but instead they relentlessly pursue the meanings of two ordinary words that everyone vaguely understands to arrive at a critical insight into the concepts these words represent, which are both disparate and interrelated.
