Human Development Report Lebanon:

Lebanon National Human Development Report United Nations Development Programme, 2009 **National Human Development Report, Lebanon** United Nations Development Programme, 1998 **Civil Society and Political Reform in Lebanon and Libya** Carmen Geha, 2016-02-12 Lebanon and Libya have undergone critical political events in recent years. However, demands for reform from civic institutions during these transitions have not led to concrete political decisions. Civil Society and Political Reform in Lebanon and Libya reveals the deeply entrenched historical patterns and elements of continuity that have led to path dependent outcomes in the political transitions of both countries. Motivated by personal experiences as an activist in Lebanon, the author draws together a wide range of data from participant observations, nationwide surveys, interviews, and focus groups in a careful analysis of these two civil society led reform campaigns. The study demonstrates how the combination of weak states and power sharing agreements marginalizes civic organisations and poses institutional constraints on the likelihood of reform. Written by an active participant in the political events discussed, this book offers new insight into two countries which present comparable and informative case studies. As such, it is a valuable resource for students, scholars, and policymakers interested in civil society politics and reform in the Middle East and North Africa.

The Arab Human Development Report, 2009 **A Political Economy of Lebanon, 1948-2002** Toufic Gaspard, 2003-12-01 This book is about the laissez faire strategy for economic development, a strategy inspired by neoclassical mainstream economics advocated by the Washington Consensus and implemented by the Bretton Woods institutions. Mainstream economics has taken legitimacy from the historical failure of command economies. But this view has not been balanced by an examination of the performance of laissez faire economies, the closest to the pure market model. Lebanon provides a unique test case in this regard. The book assesses Lebanon's development during 1948-2002, including its industrial and financial performance. The dynamics of the laissez faire system is separately studied from a Post Keynesian perspective, highlighting institutional behavior. It is found that laissez faire is not a sufficient condition for economic development and can even be counterproductive. **Citizen Hariri** Hannes Baumann, 2017-06-01 A new political biography of the Titan of Lebanese politics whose influential legacy continues to shape the Levant years after his assassination. The Lessons of Lebanon Samir Makdisi, 2004-02-26 Since 1945, over 200 intrastate conflicts have taken place in countries that achieved independence from colonial rule after the second world war. The case of Lebanon offers a striking illustration of these interlocking influences on projects of national economic development. The persistently sectarian nature of the country's political institutions, the relatively poor quality of governance, and the major civil war that engulfed the country from 1975 to 1990 together define not only the context in which the achievements and failures of Lebanese development must be assessed, but also the continuing challenges that it must face in the era of globalization. This book offers an in-depth analysis of Lebanese economic development during the second half of the twentieth century, with special emphasis on the civil war and

its aftermath Makdisi offers a definitive assessment of the principal phases of national development since Lebanese independence in the 1940s and a study of those conditions requisite for sustainable development for Lebanon as for many other developing countries
