Liberated Companies Frank Thun, 2019-12-20 Companies need an update The way we run most companies today is detrimental on so many levels It is neither well performing nor allowing technology and humans to flourish Yet there are progressive organizations that show that through distributing power more evenly we can make the workplace much better than ever before This book shows how

The Stanford Singularity Alex Harwood, 2017-07-31 Numerous well known figures have indicated that the greatest threat to Americans and our way of life is artificial intelligence specifically a software singularity that creates self generated self aware AI that is thousands or millions of times greater than human intelligence In the early twenty first century for the first time ever major software projects for the US government are being completed ahead of schedule and under budget Millions of dollars suddenly begin appearing in the various accounts of software development executives and high level government officials Disadvantaged minorities started receiving monthly payments of thousands of dollars and factories farms and government agencies are running more efficiently every day The source appears to be the CIA and the software singularity they have produced When the young woman who was the creative force behind the software disappears along with her boss it soon becomes clear there is also a malevolent entity at work But is the danger from humans or something else In this science fiction novel as a software singularity drastically changes American life an elite team must work to counteract a mysterious hostile force

Enjoying the Song of Appearance: An Mental Symphony within **Human By Design Impressions Of An Artificial Sentient Intelligence**

In a global eaten by screens and the ceaseless chatter of instant communication, the melodic splendor and psychological symphony developed by the written term usually disappear into the back ground, eclipsed by the persistent noise and disturbances that permeate our lives. But, situated within the pages of **Human By Design Impressions Of An Artificial Sentient Intelligence** a stunning fictional value overflowing with raw feelings, lies an immersive symphony waiting to be embraced. Constructed by an elegant composer of language, this charming masterpiece conducts readers on a mental trip, skillfully unraveling the concealed songs and profound impact resonating within each carefully crafted phrase. Within the depths with this poignant assessment, we will investigate the book is main harmonies, analyze their enthralling publishing type, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
