Geography: A Very Short Introduction John A. Matthews, David T. Herbert, 2008-05-22 Modern Geography has come a long way from its roots in simply mapping and naming the regions of the world Spanning both physical and human Geography the discipline today is unique as a subject bridging the divide between the sciences and humanities and between the environment and our society This Very Short Introduction reveals why Human Geography Editor, 2025 Very Short Introductions Brilliant Sharp Inspiring Human geography offers answers to some of the most important challenges of our

time To understand contemporary struggles over global economic inequality forced migration racial injustice gender justice and the climate crisis we must grasp the ways in which these are fought over and through space Human Geography A Very Short Introduction by Patricia Daley and Ian Klinke explains how the subject can aid a better knowledge of the modern world It examines the formation of power systems and the ways in which they have been constructed subverted and resisted over time This Very Short Introduction explores the topic through seven spaces that define the present the colony the pipeline the border the high rise the workplace the conservation area and outer space In addition the authors take a critical view of the discipline and its history but argue for its continuing vitality ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

Introducing Human Geographies Paul Cloke, Philip Crang, Mark Goodwin, 2013-12-05 Introducing Human Geographies is the leading guide to human geography for undergraduate students explaining new thinking on essential topics and discussing exciting developments in the field This new edition has been thoroughly revised and updated and coverage is extended with new sections devoted to biogeographies cartographies mobilities non representational geographies population geographies public geographies and securities Presented in three parts with 60 contributions written by expert international researchers this text addresses the central ideas through which human geographers understand and shape their subject Part I Foundations engages students with key ideas that define human geography s subject matter and approaches through critical analyses of dualisms such as local global society space and human nonhuman Part II Themes explores human geography s main sub disciplines with sections devoted to biogeographies cartographies cultural geographies development geographies economic geographies environmental geographies historical geographies political geographies population geographies social geographies urban and rural geographies Finally Part III Horizons assesses the latest research in innovative areas from mobilities and securities to non representational geographies This comprehensive stimulating and cutting edge introduction to the field is richly illustrated throughout with full colour figures maps and photos These are available to download on the companion website located at www.routledge.com/9781444135350

Urban Geography Tim Hall, 1998 valuable introduction to urban geography for all geography students

Urban Geography, 2nd Edition Tim Hall, 2002-01-04 This text introduces both traditional and contemporary approaches and perspectives in urban geography This substantially revised edition of Urban Geography now features updates on recent urban policy initiatives and urban changes including the influence of CCTV on the city and the impacts of Millennium projects New sections contain an evaluation of the impact of place promotion a discussion of new cultural geography and the city a new chapter on sustainable urban development boxed case studies further reading suggestions extensive illustrations

Human Geography Mark Boyle, 2021-03-29 Revised Extended and Extensively

Updated Text Uses Historical Geographical and Thematic Approach to Provide Undergraduates with a Firm Foundation in Human Geography Drawing on nearly three decades of instructional experience and a wealth of testing pedagogical innovations with students Mark Boyle has revised and expanded this authoritative and comprehensive introduction to Human Geography As with the First Edition Boyle follows the premise that history makes geography whilst geography makes history and that the key to studying the principal demographic social political economic cultural and environmental processes in any region in the world today is to look at how that region has been impacted by and in turn has impacted the story of the rise reign and decline of the West Moreover he argues that Human Geography itself is best understood as both an intellectual endeavour and a historical political and institutional project Informed by recent developments in post colonial scholarship the book covers key concepts seminal thinkers and influential texts in the field Although designed for the beginner student Boyle does not shy away from ideas and debates often avoided in introductory texts clearly communicating theory without condescension In addition he places human geography in its larger academic context discussing the influences on the field from related subjects Notable features in the Second Edition include Extensive revision and updating of coverage of key ideas developments debates and case studies New chapter on uneven geographical development at different scales and development theory and practice Dedicated coverage of Covid 19s geographies New learning resources figures tables plates maps Deep Dive boxes etc throughout the text plus learning objectives essay questions checklists summarizing key ideas and guidance for further reading Updated and expanded companion website with MP4 and MP3 chapter by chapter lectures and PowerPoint slides for each chapter new multiple choice exam paper and additional essay style exam questions and a wide range of student tutorial exercises Human Geography An Essential Introduction Second Edition is an excellent foundational text for undergraduate courses in human geography globalization Western civilization historiographies of intellectual thought the grand public problems confronting humanity in the twenty first century and other wider social science courses

Human Geography John Rennie Short, 2014-07-01 An introduction to the fundamentals of Human Geography

Economic Geography Neil M. Coe, Philip F. Kelly, Henry W. C. Yeung, 2019-12-31 A revised and updated edition of the leading introductory text on the geography of economic life from the local to the global Economic Geography is an engaging and accessible introduction to the different ways modern economic geographers understand analyze and interpret economic processes This comprehensive text addresses significant questions relevant to contemporary economic life from the activities of transnational corporations to issues surrounding workplaces and consumption It encourages readers to explore how spatial patterns places networks and territories shape large scale economic processes Accessible highly illustrated material presents fresh insights from the field complemented by relatable real world examples that help students understand the social cultural and political contexts underpinning global economic processes Now in its third edition this extensively revised and updated textbook retains the features and thematic structure that have proved popular with students and instructors

alike while adding exciting new content New chapters explore how the global economy and global development are institutionalized and governed the economic geographies of global climate change economic practices outside the capitalist mainstream the role of migrants in labour markets global production networks and more Introduces economic geography with a thematic approach including major concepts current debates and case studies Revised and updated to enhance international coverage including three entirely new chapters on international development alternative economies and global climate change Substantial new content on labour migration global production networks and recent intellectual trends such as evolutionary economic geography Highly illustrated with diagrams and photographs closely integrated into the text Pedagogical aids including key case studies learning objectives text boxes chapter essay questions summaries and further reading Core geographical concepts such as place networks and territory are closely integrated into all chapters Economic Geography A Contemporary Introduction is an invaluable source of up to date knowledge for students new to the field for those requiring a solid foundation as well as for a broader academic and public readership with interest in this area of study
