

Good Health Paragraph

Health is an asset that helps us maintain the balance of life and a sound mind. Health is not just about what you are eating or how you physically appear to be. It's also about what you are displaying in your behaviour, manifesting in your thoughts and speaking in your words. In today's era there is so much competition at every step in life where everyone wants to outperform the others, be it at school or office. As kids, we're often told that maintaining a good lifestyle can lead to the best of health. But only as we grow older, do we realise that introspection, self-realisation and reflection of one's own thoughts is also a crucial aspect of maintaining good mental health which perhaps leads to a fit and fine body. We have expressed health in different paragraphs with different aspects. Further, you should read all of them and evaluate yourself.
