*My Brother's Keeper* Jonathan Burnside, Joanna Adler, Nancy Loucks, Gerry Rose, 2013-06-17 Ten years ago there were no faith based units in prisons outside South America Today they are spreading all over the world including the United States Europe and the Commonwealth My Brother s Keeper is the first major study of a global phenomenon Exploring the roots of faith based units in South America it explains why the Prison Service of England and Wales set up the first Christian based unit in the western world in 1997 and its rapid expansion It also explains how at exactly the same time the United States introduced Christian based units and why they were complimented by interfaith and multifaith initiatives At the heart of My Brother s Keeper is an interior account of life inside four Christian based prison units in England It draws on the findings of a detailed evaluation conducted by the authors for the Home Office Prison Service and Kairos Community between 2000 and 2001 including an updated reconviction study It is an authoritative account of an innovative programme Its analysis of what works and what doesn t in faith based units around the world makes My Brother s Keeper a valuable roadmap for all who care about improving prison conditions It presents a vision of justice that is not just concerned with building more prisons but with rebuilding more prisoners It argues that by making prisons more human and punishment more humane faith based units can be of value and keep faith in prisons

Called to Heal the Brokenhearted William H. Barnwell, 2016-03-21 In this stirring book William H Barnwell tells the stories of prison inmates and the Kairos Prison Ministry volunteers who work with them Set mostly at the huge Louisiana State Penitentiary at Angola Barnwell s narrative illustrates how offenders who have done the worst can and do change becoming model inmates and if released productive citizens The stories also reveal how Kairos volunteers have found healing for broken hearts Given that the United States incarcerates more people per capita than any country in the world reformers are seeking radically new ways to reduce our prison populations Kairos volunteers and inmates alike have much to contribute to the ongoing reform discussions Now serving 300 state and federal prisons 30 000 Kairos volunteers work with 20 000 inmates each year They take part in long weekend retreats with the inmates and follow up with regular prison visits Since its beginning in 1976 Kairos has served over 250 000 inmates Broad based nondenominational and nonjudgmental Christian Kairos seeks to carry out its slogan listen listen love love among inmates who have had few to listen to them and fewer still to love them In Called to Heal the Brokenhearted are stories of undeniable redemption They point the way to personal transformation for the inmates and the volunteers One Kairos inmate speaks of the change this way he makes guitars out of the good wood hidden beneath the surface of throwaway pianos I find my work incredibly fulfilling he says I see myself in every piano discarded by society but redeemed and put to use in a new way

Emphasizing how American Christians have privileged the individual religious experience and downplayed denominational and theological differences in favor of a common identity as renewed people of faith Kristy Nabhan Warren focuses on cursillistas those who have completed a Cursillo weekend to show how their experiences are a touchstone for understanding these trends in post 1960s American Christianity Drawing on extensive ethnographic fieldwork as well as historical research Nabhan Warren shows the importance of Latino Catholics in the spread of the Cursillo movement Cursillistas stories she argues guide us toward a new understanding of contemporary Christian identities inside and outside U S borders and of the importance of globalizing American religious boundaries

**This Thing Called the World** Debjani Ganguly,2016-07-21 In This Thing Called the World Debjani Ganguly theorizes the contemporary global novel and the social and historical conditions that shaped it Ganguly contends that global literature coalesced into its current form in 1989 an event marked by the convergence of three major trends the consolidation of the information age the arrival of a perpetual state of global war and the expanding focus on humanitarianism Ganguly analyzes a trove of novels from authors including Salman Rushdie Don DeLillo Michael Ondaatje and Art Spiegelman who address wars in Iraq Afghanistan and Sri Lanka the Palestinian and Kashmiri crises the Rwandan genocide and post9 11 terrorism These novels exist in a context in which suffering s presence in everyday life is mediated through digital images and where authors integrate visual forms into their storytelling In showing how the evolution of the contemporary global novel is analogous to the European novel s emergence in the eighteenth century when society and the development of capitalism faced similar monumental ruptures Ganguly provides both a theory of the contemporary moment and a reminder of the novel s power
