**Russian Jewish Diaspora and European Culture, 1917-1937** Jörg Schulte, Olga Tabachnikova, Peter Wagstaff, 2012-04-03

The Jewish emigration from Russia after the Revolution of 1917 changed the face of Jewish culture in Western Europe Russian Jews brought with them the visions of a national Jewish literature in Hebrew Yiddish or Russian and new concepts of secular Jewish music and art Often they acted as intermediaries between Jewish centres in Europe which resulted in the creation of a single sphere of Jewish culture common to all parts of the European diaspora Although some stayed in Western Europe for only a few years before moving on to Palestine the budding Hebrew culture in Palestine would not have been the same without this relatively short period of intense contact between Russian Jewish and Western European cultures Soft

**Adventist Interchurch Relations** Stefan Höschele, 2022-09-05 This study presents the first comprehensive analysis of Seventhday Adventist interchurch relations a 20 million member body whose ecumenical stance has so far been underresearched For the sake of interpreting denominational involvement and reservations in Adventism as well as beyond the study develops a new academic approach to ecumenism based on Relational Models Theory a comprehensive social science paradigm of interpreting human relationships The resulting typology of ecumenical interactions and the historical case study of Adventism suggest that such a relational interpretation of ecumenical interaction sheds light on many of the unresolved issues in ecumenics such as divergent concepts of unity difficulties in recognition processes and the permanence of denominationalism

*Percussive Notes*, 2004 *"The" Other Europe in the Middle Ages* Florin Curta, Roman Kovalev, 2008 Drawing on archaeological and narrative sources this collection of studies offers a fresh look at some of the most interesting aspects of the current research on the medieval nomads of Eastern Europe

**Current Engineering Practice**, 1960 Exodus 1-15 Helmut Utzschneider, Wolfgang Oswald, 2014-11-20 This commentary interprets the first part of the book of Exodus through 15:21 It features two approaches On the one hand the commentary interprets the final form of the traditional Hebrew text synchronically by means of form criticism and modern literary methods On the other hand it diachronically reconstructs the predecessors of the final form from its origins in an exodus composition that opposes political domination to the text's final

form as a dramatic narrative about the transfer of sovereignty from the Pharaoh to the God of Israel Concluding syntheses examine the relationship between these two interpretive approaches while adding reflections on traditional and contemporary concerns The Two Eyes of the Earth Matthew P. Canepa, 2017-03-10 This pioneering study examines a pivotal period in the history of Europe and the Near East Spanning the ancient and medieval worlds it investigates the shared ideal of sacred kingship that emerged in the late Roman and Persian empires Bridging the traditional divide between classical and Iranian history this book brings to life the dazzling courts of two global powers that deeply affected the cultures of medieval Europe Byzantium Islam South Asia and China *The Cambridge Companion to Modern German Culture* Eva Kolinsky, Wilfried van der Will, 1998 One of the most intriguing questions of our time is how some of the masterpieces of modernity originated in a country in which personal liberty and democracy were slow to emerge This Companion provides an authoritative account of modern German culture since the onset of industrialisation the rise of mass society and the nation state Newly written and researched by experts in their respective fields individual chapters trace developments in German culture including national identity class Jews in German society minorities and women the functions of folk and mass culture poetry drama theatre dance music art architecture cinema and mass media from the nineteenth century to the present Guidance is given for further reading and a chronology is provided In its totality the Companion shows how the political and social processes that shaped modern Germany are intertwined with cultural genres and their agendas of creative expression

**Medieval Europe From Another Angle** Florin Curta, 2025-05-29 While the Middle Ages represent a topic of perennial interest most studies have addressed the western parts of the European continent often from the angle of the written sources This volume examines an area less known in the literary and archaeological evidence The studies included therein provide significant insights into the history and archaeology of East Central and Eastern Europe during Late Antiquity and the early Middle Ages This is the first volume of essays explicitly to reassess the significance of the region as well as the role of the archaeological evidence in studying ethnicity in the Middle Ages particularly in the case of the Slavs and the Avars Because

of its geographic chronological thematic and methodological scope this book offers a new perspective from a different angle on the analysis of the archaeological and written sources Some chapters focus on settlement sites others discuss artifacts from burial assemblages As well as advancing new models for the analysis of the written sources in relation to ethnicity Medieval Europe from Another Angle offers new approaches to the understanding of how ethnicity may have been constructed in the Middle Ages in material culture terms It will appeal to scholars and students alike studying Late Antiquity and the early Middle Ages with an interest in material culture and its use in building ethnic boundaries The Making of Medieval Central Europe Martin Wihoda, 2024-08-26 Although the distant origins of medieval Central Europe have enjoyed constant interest among historians only marginal attention has been paid to the power and political prerequisites for the first Westernization i e the gradual adoption of the values norms and patterns of behavior of the Latin West by the communities gentes around the eastern edge of the Carolingian and subsequently Holy Roman Empires Such a gap in knowledge long overlooked is now being filled by The Making of Medieval Central Europe Power and Political Prerequisites for the First Westernization 791 1122 While respecting the state of research and based on an original analysis of the sources this book offers an informed reflection of a complex dialogue that was initiated after the collapse of the Avar Khaganate at the end of the 8th century and that by the beginning of the 12th century gave rise to a Central Europe that was Westernized i e turned toward the West yet in many ways distinctive Another and no less important added value of this book is the author s conscious effort to overcome the narrow interpretive matrices defined by the national interests of the time **The Avar Siege of Constantinople in 626** Martin Hurbanič, 2019-07-25 This book examines the Avar siege of Constantinople in 626 one of the most significant events of the seventh century and the impact and repercussions this had on the political military economic and religious structures of the Byzantine Empire The siege put an end to the power politics and hegemony of the Avars in South East Europe and was the first attempt to destroy Constantinople the capital of the Eastern Roman Empire Besides the far reaching military factors the siege had deeper ideological effects on the mentality of the inhabitants of the Empire and it helped establish Constantinople as the spiritual centre of eastern Christianity protected by God and his Mother Martin Hurbanič discusses from a chronological and thematic perspective the process through which the historical siege was transformed into a timeless myth and examines the various aspects which make the event a unique historical moment in the history of mankind a moment in which the modern story overlaps with the legend with far reaching effects not only in the Byzantine Empire but also in other European countries History of Ancient Israel Christian Frevel, 2023-05-12 This English translation of the second edition of Christian Frevel s essential textbook *Geschichte Israels* Kohlhammer 2018 covers the history of Israel from its beginnings until the Bar Kokhba revolt 132 135 CE Frevel draws on archaeological evidence inscriptions and monuments as well as the Bible to sketch a picture of the history of ancient Israel within the context of the southern Levant that is sometimes familiar but often fresh and unexpected Frevel has updated the second German edition

with the most recent research of archaeologists and biblical scholars including those based in Europe Tables of rulers a glossary a timeline of the ancient Near East and resources arranged by subject make this book an accessible essential textbook for students and scholars alike
