competitive secure and sustainable gas supply to power markets What are the factors that determine or affect the effectiveness and efficiency of such approaches and regulatory frameworks The book critically explores the instrumental role of regulation and organisational institutions in the restructuring and development of gas supply markets It examines the evolution of economic approaches to regulation competitiveness and security of gas supply in the United States and the United Kingdom It considers the EU as a supranational union of developed economies and Nigeria as a developing economy in the process of applying these paradigms of economic regulation and restructuring of gas to power markets In a law and policy environment where training and educational centres lawyers and public and corporate energy advisors are becoming more concerned about competitiveness and efficiency in gas resource allocation and pricing and about high quality governance frameworks for industries that depend on reliable gas supplies this vital book will be warmly welcomed by lawyers policymakers energy consultants analysts regulators corporate investors academics and institutions concerned with and engaged in the business of exploration production and supply of gas for energy purposes *ECEG2010-Proceedings of the 10th European Conference on E-Government* David O'Donnell,2010-06-17

Innovation in Brazil Elisabeth B. Reynolds,Ben Ross Schneider,Ezequiel Zylberberg,2019-03-15 Since the early 2000s state led and innovation focused strategies have characterized the approach to development pursued in countries around the world such as China India and South Korea Brazil the largest and most industrialized economy in Latin America demonstrates both the opportunities and challenges of this approach Over the course of nearly 20 years the Brazilian government enacted various policies and programs designed to strengthen the country s capacity to innovate It increased spending on science and technology encouraged greater collaboration between industry and universities and fostered the creation of new institutions whose primary aim was to facilitate greater private research and development R D spending In this book the editors unite a diverse array of empirical contributions around a few key themes including public policies institutions and innovation ecosystems and firms and industries that collectively make the case for a new forward looking innovation agenda aimed at addressing persistent challenges and exploiting emerging opportunities in Brazil Its conclusions offer valuable lessons for other developing and emerging economies seeking to accelerate innovation and growth in the modern age With its interdisciplinary and wide ranging contribution to the study of innovation as well as attention to broader policy implications this book will appeal to scholars and professionals alike Transfer Pricing Developments around the world 2023 Raffaele Petruzzi,Michael Lang,2022-01-13 Information Law Series 48 About this book Imposing Data Sharing among Private Actors is a vital book shedding light on the nature of certain economic and societal balancing exercises required for any compulsory business to business B2B data sharing initiatives because data sharing involves both benefits and potential costs While the economic value originating from data sharing seems evident identifying the legal framework to be applied to it is a challenge This is due to the multiple claims and rights aimed at controlling accessing or benefiting from data processing What s in this

book Whether these initiatives pursue economic societal or empowerment objectives their potential benefits must be balanced with the following three considerations that are extensively investigated in the book the economic interests of the data holder personal data protection considerations and long term and collective costs in terms of individual autonomy The analysis elucidates how these aspects have been factored into existing compulsory B2B data sharing initiatives so far particularly in Europe and on how they may be used as a source of inspiration in future initiatives Insightful suggestions on the implementation of these balancing exercises conclude the volume How this will help you Based on law and literature in competition personal data protection and intellectual property the book greatly highlights the necessary balances underlying compulsory B2B data sharing and raises awareness about the crucial need to take the risks involved into consideration It will be highly appreciated by policymakers academics and private actors interested in issues linked to competition law in the digital environment regulation of platforms data governance or the interaction between competition law and personal data protection law

China's Rise In Mainland Asean: Regional Evidence And Local Responses Suthiphand Chirathivat, Buddhagarn Rutchatorn, Wasutadon Nakawiroj, 2020-09-28 In today's rapid rise and expansion of China's influence all around the world and in ASEAN during the past two decades there has been an increasing awareness of various countries and regions adjusting themselves to the new trends both in terms of opportunities and risks alike This has become necessary due to the rapid changes in many aspects political landscapes economic issues as well as social and cultural considerations This book China's Rise in Mainland ASEAN Regional Evidence and Local Responses provides timely insights on some of the latest issues pertaining to ASEAN and China rapidly shifting interactions and upcoming geostrategic challenges ASEAN can be said to be undergoing a new era with China becoming more intertwined and involved with the ASEAN region than ever before The complexity of the regional dynamics means that this phenomenon cannot be captured with a single narrative or discipline of study In addressing the matters at hand this book sets out to examine and provide deeper understandings on the regional implications and local responses from ASEAN countries and from the perspective of the region as a whole The underlying rationale is that adequate understanding on the matters involved in this new ASEAN China era will help to encourage better and mutually beneficial relationships between both sides The analysis of this book will be categorized into four main themes 1 The Big Picture concerning China's policies strategies and diplomatic stances 2 Implications and Responses dealing with how ASEAN members react and respond to China's actions and regional influence 3 Perspectives on Trade Investment and External Debt which handles the economic facets of the ASEAN China interactions and 4 Connectivity in Focus addressing various emerging and existing dimensions of connectivity expansion between ASEAN and China both physical and virtual
