Giorgetti,Ali Arslan,Craig Campbell,2020-06-29 This book explores the fascinating and complex interactions between the ways that culture and education operate within and across societies In some cases education is imagined as an integrated part of general cultural phenomena in others educational interventions become the means for transforming the cultural circumstances of different populations The contributors to this volume show how certain educational practices produce new cultural and professional knowledge discuss the impacts of initially foreign educational ideas and institutions on established cultural institutions in very different societies and explore the impacts of modernity and modern educational ideas on more traditional gendered and religious practices and communities The book also provided striking examples of when these impacts were not benign Increasingly powerful twentieth century governments attempted to use education and schools to produce new reformed citizens suitable for their newly created colonial national socialist and fascist states The expectation was that cultural and social transformation might be engineered in major part through schooling This book was originally published as a special issue of Paedagogica Historica Dictionary Catalog of the Research Libraries of the New York Public Library, 1911-1971 New York Public Library. Research Libraries,1979 Catalogue of the Mercantile Library of Philadelphia ohne Autor,2020-04-08 Reprint of the original first published in 1870 **Education, Globalization, and Social Change** Hugh Lauder,2006 Education is seen as central to economic competitiveness the reduction of poverty and inequality and environmental sustainability The editors have selected key writings that examine the social and economic limits and possibilities of education in addressing these fundamental problems This new reader establishes the field of sociology of education with a particular focus on papers that analyse the nature and extent of globalization in education A general introduction presents the key concepts in the sociology of education and outlines the major theories and debates especially in relation to globalization Each section is accompanied by a part opener explaining and contextualizing the readings within a larger educational and sociological context
