Inga Hennecke, Evelyn Wiesinger

Mi Color Favorito Es Verde Spanish Edition:

Constructions in Spanish Inga Hennecke, Evelyn Wiesinger, 2023-07-15 *Constructions in Spanish* is the first book length English language volume in the field of usage based and Cognitive Construction Grammar dedicated exclusively to Spanish. The contributions investigate a wide range of constructions from both a synchronic and a diachronic perspective cutting across morphology syntax semantics and pragmatics. The constructionist perspective is also linked to comparative and typological research to language learning and teaching and to multi modal discourse analysis. The volume aims both at increasing the visibility of constructionist approaches to Spanish and at offering data and analyses of Spanish for scholars working on constructional analyses of other languages. The volume thus addresses both scholars in Spanish and Romance linguistics as it builds connections between more traditional approaches and constructionist approaches and construction grammarians generally especially scholars interested in comparative work.
