Revisiting Mister Rogers' Neighborhood Kathy Merlock Jackson, Steven M.

Emmanuel, 2016-02-08 During its 33 season run *Mister Rogers Neighborhood* 1968 2001 left an indelible mark on millions of children and their caregivers Perhaps no series in the history of children s television has done more to develop the identity and ethics of the child More than a decade after Fred Rogers death he continues to attract an audience online Yet despite the show s lasting impact it has been largely ignored by scholars This collection of new essays focuses on Rogers contributions to children s lives to the media and to American culture at large The contributors discuss his stance on the individual and the perception of self his ideas about meaningful participation in a community and his use of television Clearly Mr Rogers ideas still strongly resonate

The Alex Pella Novels Boxed Set Stephen Martino, 2018-02-12 Alex Pella the acclaimed neuroscientist is in a heart stopping race to save humanity The action packed stories *The New Reality* *The Hidden Reality* and *The Final Reality* draw from both our nation s politically charged environment and the worldwide economic crisis which project a frightening path for human existence in the twenty first century

The New Reality In the year 2080 a deadly retrovirus is inadvertently released upon the planet Facing financial ruin and catastrophic loss of life the world s nations turn to acclaimed neuroscientist Alex Pella and NIH expert Marissa Ambrosia Assembling a team of experts the scientists begin an international search for the cure while fighting off a foreign elite military unit sent to stop them at all costs Guided by a code concealed within the Hebrew text of the Old Testament the scientists must traverse ancient lands and solve a biblical riddle in their quest to save humanity from its eminent destruction

The Hidden Reality The brilliant doctor and inventor Alex Pella finds himself caught in a deadly power struggle between the tyrant who rules and the one who would As he sets out on a mission to unravel the New World Order he must also face the hidden truths about his own genetic heritage truths that are slowly destroying him When he receives an ambiguous message sent from a man long since dead Alex learns that the only way to win his battle against *The New Reality* is to defeat a long forgotten enemy nearly 2 500 years old

The Final Reality In the high octane conclusion of the Alex Pella novels the brilliant doctor and inventor finds himself racing against the

unstoppable ambition of Jules Windsor who now leads The New Reality When Jules begins to uncover the powerful long forgotten technology behind the world's massive megalithic structures he sets into motion the same cascade of events that once destroyed the ancient civilization that built them As the planet heads toward an apocalyptical upheaval not seen since biblical times Alex and his team know they must stop Jules and The New Reality once and for all **Conrad Aiken** Edward Butscher,2010-06-01 The first of a planned two volume biography Conrad Aiken Poet of White Horse Vale follows Aiken's early life from his birth in 1889 to 1925 when he stood on the threshold of both nervous breakdown and poetic success It was then that Aiken began to face his paradoxically idyllic and tragic Savannah childhood and to confront the events of February 27 1901 On that day the eleven year old Aiken heard gunshots punctuate a nightlong argument between his mother and father Running into the next room he discovered his mother murdered and his father dead by suicide Sounding the deep reverberations of those events in Aiken's mind Edward Butscher follows the poet's life and work as he sought to regain in some permanent form the idyll he had lost as a child Butscher tells of Aiken's determined efforts to gain recognition for his verse in the fevered cultural circuits of the early twentieth century from his friendship begun at Harvard with T S Eliot through frustrating excursions into the literary society of England and repeated trips on the poetic trade route from his home in Boston to Chicago and New York to often sharp encounters with such powerful cultural barons as Ezra Pound Amy Lowell and Harriet Monroe Hoping to build his reputation on a series of detached poetic symphonies to keep depression from boiling over into madness and suicide Aiken skirted the border of his deepest memories and fears a border he would cross in the works that lay ahead **Handbook of the American Short Story** Erik Redling,Oliver Scheiding,2022-01-19 The American short story has always been characterized by exciting aesthetic innovations and an immense range of topics This handbook offers students and researchers a comprehensive introduction to the multifaceted genre with a special focus on recent developments due to the rise of new media Part I provides systematic overviews of significant contexts ranging from historical political backgrounds short story theories developed by writers print and digital culture to current theoretical approaches and canon formation Part II consists of 35 paired readings of representative short stories by eminent authors charting major steps in the evolution of the American short story from its beginnings as an art form in the early nineteenth century up to the digital age The handbook examines historically methodologically and theoretically the coming together of the enduring narrative practice of compression and concision in American literature It offers fresh and original readings relevant to studying the American short story and shows how the genre performs American culture *The Encyclopaedia Britannica: Ita to Lor* ,1911 **Encyclopaedia Britannica: Italy-Kyshtym** Hugh Chisholm,1911 This eleventh edition was developed during the encyclopaedia's transition from a British to an American publication Some of its articles were written by the best known scholars of the time and it is considered to be a landmark encyclopaedia for scholarship and literary style **The Encyclopaedia Britannica** ,1911 Voices from an Empire Russell G.
