and social justice. These events gave renewed urgency to the fraught topic of gender in the Middle East. The role of women in public life, the meaning of manhood, and the future of gender inequalities are hotly debated by religious figures, government officials, activists, scholars, and ordinary citizens throughout Egypt. *Live and Die Like a Man* presents a unique twist on traditional understandings of gender and gender roles, shifting the attention to men and exploring how they are collectively produced as gendered subjects. It traces how masculinity is continuously maintained and reaffirmed by both men and women under changing socio-economic and political conditions. Over a period of nearly twenty years, Farha Ghannam lived and conducted research in al Zawiya, a low-income neighborhood not far from Tahrir Square in northern Cairo. Detailing her daily encounters and ongoing interviews, she develops life stories that reveal the everyday practices and struggles of the neighborhood over the years. We meet Hiba and her husband as they celebrate the birth of their first son and begin to teach him how to become a man. Samer, a forty-year-old man trying to find a suitable wife. Abu Hosni, who struggled with different illnesses, and other local men and women who share their reactions to the uprising and the changing situation in Egypt. Against this backdrop of individual experiences, Ghannam develops the concept of masculine trajectories to account for the various paths men can take to embody social norms. In showing how men work to realize a male ideal, she counters the prevalent dehumanizing stereotypes of Middle Eastern men, all too frequently reproduced in media reports, and opens new spaces for rethinking patriarchal structures and their constraining effects on both men and women. Praise for *Live and Die Like a Man*. In a book that lives up to its name, anthropologist Ghannam explores what it means to be a man. Her thick descriptions, amassed over 20 years of research, will make readers laugh, cry, and gasp at the lives of these individuals. By examining the construct of manhood, Ghannam is charting new territory in Middle Eastern studies. **Summing Up: Highly recommended CHOICE.** With its focus on masculinity, Farha Ghannam's thoughtful ethnography, *Live and Die Like a Man*, makes important interventions into the anthropological scholarship on gender, childhood, and family in the Middle East. Her ethnographic sensibility perfectly grasps the dynamic and complex intertwining of male and female ways of being and self-presentation, and how that interrelationship forms men's lives. *International Journal of Middle East Studies* **Rape**

**Culture, Gender, Violence, and Religion** Caroline Blyth, Emily Colgan, Katie B. Edwards, 2018-03-29 This volume considers the complex relationships that exist between Christianity, rape culture, and gender violence. Each chapter explores the various roles that Christian theologies, teachings, and practices have played in shaping contemporary understandings of gender violence and in sanctioning rape-supportive cultural belief systems and practices. Our contributors explore this topic from a range of disciplinary perspectives, including theology, gender, and queer studies, cultural studies, pastoral care, and counseling. Together, the chapters in this volume testify to the considerable influence that Christianity has had and continues to have in directing conversations within the Christian tradition around gender violence and rape culture. They therefore invite readers to engage fruitfully in these conversations, fostering transformative dialogues with the Christian community about our shared

responsibility to tackle the current global crisis of gender violence      **Rise of the Masculine** Conrad Riker, 101-01-01 Are you tired of being shamed for your masculinity Are you fed up with the constant attacks on men and their roles in society This book is your call to arms your rallying cry your guide to reclaiming your rightful place in a world that seems to have turned against you Rise of the Masculine Embrace Your Inner King is a no holds barred exploration of the war against men and the feminization of society Inside you ll find A dissection of the harmful effects of radical feminist ideologies on men and boys A look at how society has turned against masculinity and the detrimental effects of this Strategies for turning the tide and reclaiming your masculine identity Inspiring examples of historical cultures that thrived under masculine leadership A blueprint for fighting back against the forces that seek to emasculate men A call to end the war on fathers and reclaim paternal roles Ways to navigate vulnerability without losing your strength An exploration of the biological foundations of masculinity and why it s essential in our society Practical tips on how to rebuild a society that values and celebrates masculinity If you re ready to stand tall embrace your masculinity and make a change then Rise of the Masculine Embrace Your Inner King is the book for you It s time to rise up and reclaim what s rightfully yours Buy this book today      *Does God Make the Man?* Stewart M. Hoover, Curtis D. Coats, 2015-10-02 Many believe that religion plays a positive role in men s identity development with religion promoting good behavior and morality In contrast we often assume that the media is a negative influence for men teaching them to be rough and violent and to ignore their emotions In *Does God Make the Man* Stewart M Hoover and Curtis D Coats draw on extensive interviews and participant observation with both Evangelical and non Evangelical men including Catholics as well as Protestants to argue that neither of these assumptions is correct Dismissing the easy notion that media encourages toxic masculinity and religion is always a positive influence Hoover and Coats argue that not only are the linkages between religion media and masculinity not as strong and substantive as has been assumed but the ways in which these relations actually play out may contradict received views Over the course of this fascinating book they examine crises contradictions and contestations crises about the meaning of masculinity and about the lack of direction men experience from their faith communities contradictions between men s religious lives and media lives and contestations among men s ideas about what it means to be a man The book counters common discussions about a crisis of masculinity showing that actual men do not see the world the way the crisis talk has portrayed it and interestingly even Evangelical men often do not see religion as part of the solution      *Chemical Abstracts Service Search Guide* American Chemical Society.
