Spanish Language Lessons Sergio Rodriguez, 2019-03-18 Have you ever wanted to visit a Spanish country and be able to speak Spanish Traveling in Spanish countries can be hard Believe me I'm a frequent traveler and I've been all around the world I've been in Europe Asia and South America and I have to say that of all the places that I've been I've never found more caring and lovely people than in Spanish countries Maybe it is their past maybe is their language but they are always available to give you a hand talk to you have fun grab a drink and generally have a good time But the language barrier might be hard You might find yourself trying to say something and the interlocutor understanding another thing entirely It might be quite frustrating and then you end up using your fingers or pointing to what you want and to be honest it's quite ridiculous and a bit childish Sometimes you might

be lucky and find someone nearby who understands English and that works for the moment but what if there s no one there What if you want a burger without cheese Or maybe you want a diet Coke not regular because you don t consume sugar Or leaving aside the food matters which are quite important let s say that you want to book a hotel room but you don t want to spend too much and obviously you don t want to pay for things that you don t need So there goes the Jacuzzi or the HD television And you have to make yourself clear that you don t want that without using insults and pointing to the things that you don t want That s why I m writing this book to help you on your travels so if you want to take a trip to a Spanish Country you won t find it hard to express yourself And I will not just explain you some phrases in Spanish to ease your life in your trip I will also teach the differences between countries and how to travel from one place to another So if you were planning a trip or maybe you are already in one and found yourself in a problem this is the book for you I hope it helps you with anything that might arise on your trip Get your copy now **Iftiin's Super Handbook** ,1996 **Using Japanese Slang** Anne Kasschau,Susumu Eguchi,2015-12-08 So you think you learned everything in Japanese class that you needed to know Guess again Chances are your teachers only covered the G rated side of the language What about the rest of the vocabulary and phrases you need for this R rated world That s where Using Japanese Slang comes in From college campuses to back street bars this book is a vital resource for understanding the phrases you can t learn from your Japanese friends because they ll just smile and say you re better off not knowing anyway Using Japanese Slang brings you the entertaining and colorful Japanese language as it s used in the real world offering fascinating etymological explanations as well It will give you the power to express the thoughts you really want to convey and deliver them like a native speaker
