pandemic consequences of delay in delivery economic sanctions and use of force majeure and hardship clauses The presentation is richly supported with many illustrations and charts and numerous case studies Managers or professionals responsible for sales or procurement or logistics in sale of goods including transport freight forwarding and marine insurance will greatly benefit from the book s practical guidance as will in house lawyers accountants surveyors and other experts involved in concluding sales contracts or settling disputes in connection with them Academics and students concerned with commercial subjects will appreciate the author s detailed and knowledgeable treatment of the subject World Trade Press
