

Guide to oral sex

Apparently most women would prefer to do without penetrative sex than oral sex, so if it's important, you need to make sure you're doing it and getting it properly.

In fact, how we see oral sex says a lot about what we think about sex in general.

If a person loves giving and receiving oral sex, then it's a safe bet that they're sensual, caring and spontaneous in bed.

The opposite of that is a person who's a bit turned off and uptight by the thought of oral sex - they're usually pretty reserved when it comes to sex.

If you're looking for a few pointers, need some help persuading your fella to be a bit more attentive or just want to check you're doing everything correctly, read on for our guide to oral sex.
