Musarat, Muhammad Irfan, Maria Ghufra, Wesam Salah Alaloul, 2024-04-25 In this textbook for upper undergraduate and postgraduate students Dr Ali and colleagues provide the reader with information on the effect of Industrial Revolution 4.0 on the construction industry particularly regarding PMBOK knowledge areas The authors furnish readers with an understanding of IR 4.0 and reasons for adopting it and provide an in depth insight into the impact of IR 4.0 on technology and society particularly in the construction industry Further to this they also compare traditional and IR 4.0 project manager's competencies so that readers can develop their understanding of Project Management Knowledge areas and how IR 4.0 can be used to enhance these knowledge areas The book is structured logically and sequentially to benefit even novice readers as they progress from basic to more advanced topics related to IR 4.0 and PMBOK The final main chapter of this book provides an in depth discussion of the enhancement of PMBOK knowledge areas using IR 4.0 including topics such as project integration management IR 4.0 enhancements such as digitalization and a conceptual framework for industry betterment By the end of the book readers will have the knowledge and skills to apply IR 4.0 techniques in their future careers in the construction industry This book is an invaluable resource for students of construction engineering and management at upper undergraduate and postgraduate levels and for existing industry professionals as part of their continuous professional development **Reconstructing Project Management** Peter W. G. Morris, 2013-03-08 This hugely informative and wide

ranging analysis on the management of projects past present and future is written both for practitioners and scholars Beginning with a history of the discipline's development Reconstructing Project Management provides an extensive commentary on its practices and theoretical underpinnings and concludes with proposals to improve its relevancy and value Written not without a hint of attitude this is by no means simply another project management textbook The thesis of the book is that it all depends on how you define the subject that much of our present thinking about project management as traditionally defined is sometimes boring conceptually weak and of limited application whereas in reality it can be exciting challenging and enormously important The book draws on leading scholarship and case studies to explore this thesis The book is divided into three major parts Following an Introduction setting the scene Part 1 covers the origins of modern project management how the discipline has come to be what it is typically said to be how it has been constructed and the limitations of this traditional model Part 2 presents an enlarged view of the discipline and then deconstructs this into its principal elements Part 3 then reconstructs these elements to address the challenges facing society and the implications for the discipline in the years ahead A final section reprises the sweep of the discipline's development and summarises the principal insights from the book This thoughtful commentary on project and program and portfolio management as it has developed and has been practiced over the last 60 plus years and as it may be over the next 20 to 40 draws on examples from many

industry sectors around the world It is a seminal work required reading for everyone interested in projects and their management *Vedanta Philosophy of Management vol- 2* Dr. Samar Deb,2023-11-01 Vedanta Philosophy of Management is the modern need of the changing world order in these days of technological innovation and gigantic size of business organizations Keeping in mind the objectives of sustainable development goals SDGs five Chapters are devoted in this volume to increase human competency building enhance capabilities and to bring in creativity to strengthen human living parameters in terms of Vedanta management thought and the Vedic work practices Chapter 1 deals with Introduction to Vedanta Management Thought to understand the framework of Vedanta management and to find out the means and ways for human resource development HRD potentials through Vedanta philosophy along with backdrop analysis of business process reengineering BPR paradigms in confining issues pertaining to organizational effectiveness as well as environmental sustainability Effective leadership qualities are narrated in sparkling manner to strengthen managerial professional ethics administrative excellence building norms bring in positive social change in terms of Vedic work ethics and code of conduct Hence this Chapter enlightens on various postulates of global development initiatives through Vedanta practices of management to finding out the true nature of management and its significance in the present day changing world order in scientific temper of thought Applications of Vedanta knowledge in organizational activities are synthesized with the Vedic work principles to uplift human beings from pathetic social sufferings As such quality circle fundamental issues are stressed with equanimity of work and equipoise nature of performance for supplementing human growth related paradigms in path goal relativity approach Chapter 2 deals with Vedanta Management and Theory of Work to work out judicious relationship between organizational activities and human development strategies in relation to organizational dynamicity managerial vision of work etc with goal directed initiatives As such this Chapter especially considers the Vedanta principles of management with the Vedic rules of work practices in coagulating tools and techniques of human dynamic behavioral postulates for enhancing human competencies building to commensurate transformational social change with transcendental approach Hence theory of work is given special priority in organizational activities in terms of Vedanta mission to incorporate management practices in regard to human existential freedom of living Chapter 3 deals with Vedanta Management and Theory of Knowledge and furnishes the principles of human creative innovational thought for illuminating production function related activities to enlarge organizational effectiveness in terms of theory of knowledge and managerial excellence building process Here universal brotherhood has been considered sincerely for exposition of the fundamental rules of Vedanta management in realities of management to eradicate social poverty with interface between managerial knowledge and values of work It has provided a paradigm shift of knowledge to social emancipation process of human beings for world class citizenship in terms of administrative skills Thus this Chapter provides a new managerial perspective on international understanding with human cooperative endeavors so that Vedanta management helps to match resources in matchless way
