Lenin, Trotsky and the Theory of the Permanent Revolution John Peter Roberts, 2014 Today yet again from Latin America to Nepal in India and the Middle East the question of which strategy the masses should adopt to take control of their own lives is being posed Without exception the leaders of the mass workers parties urge class collaboration as the way forward Actively supported by the national Communist Parties and even Maoist guerrilla groups a petty bourgeois amalgam proposes collaboration with the so called national bourgeoisie as the only path to national independence and democracy In the century since the Russian Revolution the first modern popular revolution to succeed in throwing out the imperialists much time and effort has been spent especially by the former Soviet bureaucracy in neutering Lenin praising him while tearing out the revolutionary heart of his theories This book demonstrates that the Russian Revolution a model for a victorious popular revolution in a semi colonial country in the era of imperialism required not a bourgeois democratic but a socialist revolution for the people to take power The old regime had to be destroyed and the state and governmental power seized by the working classes before it was possible to achieve national independence and carry through any meaningful agrarian reform for the benefit of the peasantry Lenin s close collaborator in October 1917 was Leon Trotsky and the success of that revolution was due to the combination of the discipline and organisation of Lenin s Bolshevik Party and Trotsky s political theory of the permanent revolution This book goes back to basics critically analysing and comparing Lenin s and Trotsky s own writings which are cited in their source and inspiration the Russian Revolution of 1905 It is shown that Lenin in October 1917 adopted the perspectives of Permanent Revolution that to finally rid Russia of autocracy and legitimise the peasants seizure of the land the Russian Revolution required the introduction of the dictatorship of the proletariat and the first steps towards the collectivisation of the means of production Those who attack the theory of Permanent Revolution never challenge the correctness of its basic concept that the international socialist revolution could begin in semi feudal Russia Instead in the guise of anti Trotskyism they deny the validity of Lenin s struggle for a socialist revolution in October 1917

Trotsky's conception of Permanent Revolution is based on his understanding drawing on the work of fellow Russian Alexander Parvus that a Marxist analysis of events began with the international level of development both economic and social National peculiarities are only an expression of the contradictions in the world system According to this perspective the tasks of the Bourgeois Democratic Revolution could not be achieved by the bourgeoisie itself in a reactionary period of world capitalism The situation in the backward and colonial countries particularly Russia bore this out This conception was first developed in the essays later collected in his book 1905 and in his essay Results and Prospects and later developed in his 1929 book The Permanent Revolution The basic idea of Trotsky's theory is that in Russia the bourgeoisie would not carry out a thorough revolution which would institute political democracy and solve the land question These measures were assumed to be essential to develop Russia economically Therefore it was argued the future revolution must be led by the proletariat who would not only carry through the tasks of the Bourgeois Democratic Revolution but would commence a struggle to surpass the bourgeois democratic revolution Trotsky's theory was developed in opposition to the Social Democratic theory that undeveloped countries must pass through two distinct revolutions First the Bourgeois Democratic Revolution which socialists would assist and at a later stage the Socialist Revolution with an evolutionary period of capitalist development separating those stages This is often referred to as the Theory of Stages the Two Stage Theory or Stagism **October**

Readings: The Development of the Concept of Permanent Revolution Vladimir Ilyich Lenin, Leon Davidovich Trotsky, 2010-10 The Russian revolution in October 1917 gave the workers soldiers and peasants soviets full state power It swept away the bourgeois state Subsequent successful seizures of power in the name of the workers have involved either peasant armies led by working class political nuclei or disastrously the occupation of countries by the forces of the Russian workers state The bureaucratic leaders of European workers thwarted the spread of the revolution The isolated Stalinist bureaucracy produced a consolatory myth that Russia did not need such foreign victories because it would achieve Socialism in one Country To defy this myth this book brings together documents by Marx Engels Lenin and Trotsky illustrating the real history of the strategy that won the Russian revolution and can win future working class seizures of power Inside readers will find Marx and Engels Address to the Communist League Lenin's April Theses and The Tasks of the Proletariat in the Present Revolution Trotsky's The Character of the Russian Revolution and Mandel's What is Trotskyism *The Permanent Revolution and Results and Prospects* Leon Trotsky, 2020-05-05 Trotsky's theory of the permanent revolution is one of the most important additions to Marxism In 1904 he alone put forward that the Russian workers could come to power before the

Illustrated Leon Trotsky,2021-09-09 Leon Trotsky was a Ukrainian Russian Marxist revolutionary political theorist and politician Ideologically a communist he developed a variant of Marxism which has become known as Trotskyism His politics differed from some aspects from those of Stalin or Mao Zedong most importantly in his rejection of the theory of Socialism in one country and his declaring of the need for an international permanent revolution This book contains Trotsky on Lenin My Life The Revolution Betrayed The Bolsheviki and World Peace and others 1 My Life 2 The Revolution Betrayed 3 Our Revolution Essays on Working Class and International Revolution 1904 1917 4 Dictatorship vs Democracy 5 From October to Brest Litovsk 6 Lenin 7 Results and Prospects 8 The Permanent Revolution 9 Literature and Revolution 10 The Bolsheviki and World Peace **Results and Prospects** Leon Trotsky,2021-04-10 In Results and Prospects Leon Trotsky delves into the

dynamics of the Russian Revolution and its broader implications for socialist movements worldwide Written in a compelling and incisive style the book combines rigorous analysis with passionate advocacy for permanent revolution challenging the notion of a linear progression in revolutionary struggles Trotsky meticulously critiques prevailing Marxist theories while providing a detailed depiction of the socio political landscape of early 20th century Russia positioning the revolution not merely as a national event but as a pivotal moment with international ramifications Leon Trotsky a key figure in the Russian Revolution and one of Marxism s most influential theorists wrote this work during a time of intense ideological struggle within the Communist movement His experiences as a revolutionary leader coupled with his understanding of international dynamics informed his perspective on the necessity of sustained revolutionary action Trotsky s exile and opposition to Stalinism further galvanized his commitment to articulating a vision of socialism that transcended national borders making his insights all the more poignant and relevant Results and Prospects is a vital read for anyone seeking to understand the complexities of revolutionary theory and practice Trotsky s incisive arguments and historical insights provide an intellectual framework that resonates in contemporary discussions about socialism and the nature of revolution This book is essential for students of political theory historians and activists committed to the ideals of social change *In Defence of Lenin* Rob

Sewell,Alan Woods,2024-01-11 John Reed the author of Ten Days that Shook the World once said that Lenin was the most loved and the most hated person alive He was loved by tens of millions who wanted to change society but hated by the ruling class and their apologists As the leader of the Russian Revolution Lenin was a man who changed the world A convinced Marxist he created the Bolshevik Party the most revolutionary party in history Lenin translated the ideas of Marxism into reality It is now one hundred years since his death The bourgeois historians continue to slander him and his ideas The task of this book is to explain his real life and ideas and to draw out the significance of Lenin Given the ongoing capitalist crisis his

ideas are gaining an increasingly wide echo In so many ways Lenin is more relevant today than ever before Over two volumes this book traces Lenin s life and explains his ideas drawing on the colossal heritage of what he actually wrote and did This book also features an appendix of Krupskaya s writings on Lenin a chronology and over 250 images

History of British Trotskyism Ted Grant, This book by Ted Grant is a unique contribution to the history of British Trotskyism It begins with the debate on Trotskyism in the British Communist Party in 1924 and ends with the break up of the Revolutionary Communist Party in 1949 and the beginning of more than thirty years of work within the Labour Party Ted Grant was the founder and political leader of the Militant Tendency which haunted the Labour leadership and was eventually expelled along with the Militant editorial board in 1983 A postscript by Rob Sewell who was the national organiser for the Militant throughout the 1980s brings this unique history up to date

The Revolutionary Legacy of Rosa Luxemburg Marie Frederiksen, 2022-04-02 This book sets out to examine Rosa Luxemburg s ideas not from the distorted myths about her political ideas or solely about personal questions such as her love life but from Luxemburg s very own writings It is an attempt to provide an insight into the treasure trove of ideas and revolutionary theory that Luxemburg s works constitute The book shows that the real Rosa Luxemburg is often very far from the myths and rumours that surround her Rosa Luxemburg was is and remains a revolutionary

C. L. R. James Aldon Lynn Nielsen, 2010-12 This study of C L R James s writings is the first to look at them as literature and not as theory This sustained analysis of his major published works places them in the context of his less well known writings and offers an encompassing critique of one of the African diaspora s most significant thinkers and writers Here the author of *Black Jacobins* *World Revolution A History of Pan African Revolt* *Beyond a Boundary* and the lyric novel *Minty Alley* is seen not only as among the great political philosophers but also as the literary artist that he remained from his first writings in his native Trinidad through his underground years in America to his final essays and speeches in London The writings of James have inspired revolutionaries on three continents They have altered the course of historiography shown that way toward independent black political struggles and established a base for much of today s study of culture This study evaluates them as powerful works of literature

Zheng Chaolin, *Selected Writings, 1942-1998*, 2022-12-05 Zheng Chaolin helped found the Chinese Communist Party s European branch in Paris in 1922 and its Trotskyist Opposition in Shanghai in 1931 He held the world record in political imprisonment seven years under Chiang Kai shek as a revolutionary and 27 under Mao as a counterrevolutionary thus beating by a year Auguste Blanqui s previous record After joining the revolution in his teens his commitment never wavered Born in 1901 he died in 1998 so his life was coterminous with the century and a dramatic embodiment of its vicissitudes This book is record of his contribution to revolutionary thought in China

Permanent Revolution in Latin America John Peter Roberts, Jorge Martin, 2018-11-22 This book presents the histories of the revolutions in Cuba Nicaragua and Venezuela as the latest demonstrations of the price the popular masses pay for the absence of a correct revolutionary strategy The goal of the leaders of the revolutionary movements in all three countries was

to create a progressive independent bourgeois democratic state but contrary to expectations the national bourgeoisie did not welcome a national democratic revolution. Instead, faced with a mass movement, it fought hard to reassert its own and US imperialism's economic and political stranglehold, opposing increased democratic rights, greater social equality, agrarian reform, and the redistribution of wealth. We trace how in all three countries the national bourgeoisie joined forces with imperialism and used violent methods to reverse the progressive measures made, and when these attempts failed, carried on a campaign of economic sabotage to starve the masses into submission. In Cuba, the revolution was propelled forward by abolishing capitalism and enormous conquests were made. In Nicaragua and Venezuela, the revolution was stopped half way, leading to disaster and defeat. As the world enters a decisive revolutionary epoch, reformists, just as they did in Nicaragua and Venezuela, attempt to hold that revolution back. In the face of all experience, their solution to social crises is one which stubbornly remains within the narrow limits of capitalism. This book is a contribution to the debate about revolutionary strategy. It highlights the lessons to be learned from the recent past, argues against the failed reformist approach, and draws the conclusion that only through the workers coming to power and expropriating the oligarchy can we begin to overcome the exploitation and oppression of the masses.

Witnesses to Permanent Revolution: The Documentary Record Richard B. Day, Daniel Gaido, 2009-02-23

The theory of Permanent Revolution has been associated with Leon Trotsky for more than a century since the first Russian Revolution in 1905. Trotsky was the most brilliant proponent of Permanent Revolution, but by no means its sole author. The documents in this volume, most of them translated into English for the first time, demonstrate that Trotsky was one of several participants in a debate from 1903-7 that involved numerous leading figures of Russian and European Marxism, including Karl Kautsky, Rosa Luxemburg, Franz Mehring, Parvus, and David Ryazanov. This volume reassembles that debate, assesses it with reference to Marx and Engels, and provides new evidence for interpreting the formative years of Russian revolutionary Marxism.
