Leo Xiii And Modern Civilization:

Leo XIII and Modern Civilization John Bleecker Miller, 1897 Leo XIII and Modern Civilization (Classic Reprint) J.

Bleecker Miller, 2016-06-21 Excerpt from Leo XIII and Modern Civilization As Leo XIII Possesses also the unrestricted power of selecting the men who will nominate his successor and has had the similar right of nominating directly or indirectly the bishops clergy and teachers for the whole Church during the long period of his pontificate it seems most improbable that any attempt to alter the plan laid out by him for the Church's development would be made even if the very idea of the infallibility of its author did not negative the possibility of a retreat or of even a criticism More over irresolution is certainly not a vice of the school which has struggled so long and successfully for papal predominance and when we see the first use made of this power to be in furtherance of the primary doctrines of De Maistre Cortes and Gousset we can safely assume that this course will not be changed until the attempt has been made to realize in practice their ultimate conclusions About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Miller, 2013-09 This historic book may have numerous typos and missing text Purchasers can usually download a free scanned copy of the original book without typos from the publisher Not indexed Not illustrated 1897 edition Excerpt CHAPTER I THE CHURCH AND THE STATE According to recent statements of the press large numbers of our citizens are enrolling themselves in an organization the object of which is to exclude Roman Catholics from public offices The fact that the Roman Catholic press is teeming with denunciations of the order makes it very probable that the movement is a large and growing one A recent article in the most conservative of Roman Catholic magazines urged its readers to leave one and join the other of the two great political parties and Cardinal Gibbons in an open letter published in the Catholic Review for May 23 1896 has threatened that all Roman Catholics will take this course unless opposition to them as such ceases This suggestion has already been followed by the institution of the Order of Catholic Americans with the object of questioning all candidates as to their opinions concerning the right of Roman Catholics to hold public office According to the published statement of the leader of one of the great political parties in this State the recent murder at the election in Troy was due to a feud which grew out of this antagonism In many cities the municipal elections were conducted avowedly on these lines especially where the choice of officials having charge of public education was involved in some States the nominations for State officers are made with reference to this issue and a presidential candidate has been denounced on account of his

alleged friendliness to Roman Catholics in politics Has this Anti Roman Catholic movement any justification Is it destined to spread and grow Or is it merely a revival of the old Know nothing spirit which will shortly disappear on account of its own folly According Leo XIII and Modern Civilization J. Rybolt,2014-10-01 THE SUBTITLE OF THIS VOLUME is An Era of Expansion 1878 1919 It reflects the reality of the Congregation of the Mission under the leadership of Antoine Fiat the superior general who governed the Community longer than St Vincent de Paul Like the founder Fiat was a man of both prayer and action Also like the founder Fiat was often hesitant and delayed final decisions His confreres spread to new missions such as the republics of Central America and

Argentina and several missions or provinces had grown large enough to be given more autonomy such as the two American provinces the Antilles Barcelona Ecuador Belgium and Holland Madagascar and Colombia China continued to attract many missionaries as well as local Chinese vocations despite war and unrest This volume then relates not only that the Vincentians members of the Congregation of the Mission grew in number and influence but how they exercised their ministry Persecution was their lot in some regions but they forged ahead As always they sought to align their ministries at the end of the nineteenth and the beginning of the twentieth centuries with the original mission entrusted to them by the Church through Vincent de Paul to bring the Gospel to the poor
