Les As Peints Par Eux

City of Noise Aimee Boutin, 2015-05-15 Beloved as the city of light Paris in the nineteenth century sparked the acclaim of poets and the odium of the bourgeois with its distinctive sounds Street vendors bellowed songs known as the Cris de Paris that had been associated with their trades since the Middle Ages musicians itinerant and otherwise played for change and flâneurs writers fascinated with the city's underside listened and recorded much about what they heard Aimee Boutin tours the sonic space that orchestrated the different often conflicting sound cultures that defined the street ambience of Paris Mining accounts that range from guidebooks to verse Boutin braids literary cultural and social history to reconstruct a lost auditory environment Throughout impressions of street noise shape writers' sense of place and perception of modern social relations As Boutin shows the din of the Cris contrasted economic abundance with the disparities of the capital old and new traditions and the vibrancy of street commerce with an increasing bourgeois demand for quiet In time peddlers who provided the soundtrack for Paris's narrow streets yielded to modernity with its taciturn shopkeepers and wide open boulevards and the fading songs of the Cris became a dirge for the passing of old ways

Aloysius Bertrand's Gaspard de la Nuit Beyond the Prose Poem Valentina Gosetti, 2016-03-22 Aloysius Bertrand's *Gaspard de la Nuit* 1842 is a familiar title to music lovers thanks to Ravel's piano work of the same name and to specialists of French literature especially those interested in Baudelaire's prose poetry Yet until very recently the collection and its author have generally been viewed almost exclusively through the prism of their pioneering role in the development of the prose poem By placing Bertrand back in his original context adopting a comparative approach and engaging with recent critical work on the collection Valentina Gosetti proposes a substantial reassessment of *Gaspard de la Nuit* and promotes a new understanding of Bertrand in his own terms rather than those of his successors Through his playful and ironic reinterpretation of Romantic clichés and his overt defiance of the boundaries of poetry and beauty Bertrand emerges as a fascinating figure in his own right This book is one of the first full length studies of Bertrand's work and it will be of particular interest to specialists of the nineteenth century and of provincial literature and to students of nineteenth century poetry or the fantastic

Sketches of the Nineteenth Century M. Lauster, 2007-05-02 This book discusses the visual and verbal city sketches which proliferated during the journalistic revolution of the 1830s and 1840s It shows how sketches transformed models of visual and printed media and of life science into a unique kind of sociology presenting a self critique of the middle class on the brink of industrial modernity

British Writers and Paris: 1830-1875 Elisabeth Jay, 2016-02-19 A wicked and detestable place though wonderfully attractive Charles Dickens's conflicted feelings about Paris typify the fascination and repulsion with which a host of mid nineteenth century British writers viewed their nearest foreign capital Various perceived as the showcase for sophisticated cosmopolitan talent the home of revolution a stronghold of Roman Catholicism and a shrine to irreligious hedonism Paris was also a city where writers were respected and journalism flourished This historically grounded account of the ways in which

Paris touched the careers and work of both major and minor Victorian writers considers both their actual experiences of an urban environment distinctively different from anything Britain offered and the extent to which this became absorbed and expressed within the Victorian imaginary Casting a wide literary net the first part of this book explores these writers reaction to the swiftly changing politics and topography of Paris before considering the nature of their social interactions with the Parisians through networks provided by institutions such as the British Embassy and the salons The second part of the book examines the significance of Paris for mid nineteenth century Anglophone journalists paying particular attention to the ways in which the young Thackeray s exposure to Parisian print culture shaped him as both writer and artist The final part focuses on fictional representations of Paris revealing the frequency with which they relied upon previous literary sources and how the surprisingly narrow palette of subgenres structures and characters they employed contributed to the characteristic and sometimes contradictory prejudices of a swiftly growing British readership

War and Peace in Europe 1815-1870 E. L. Woodward, 2019-05-23 Published in 1963 The three essays bound together in this book are based upon lectures given by the author as a University Lecturer in Modern History at Oxford The Lectures were not intended as a substitute for the excellent textbooks of modern European history published in recent years The choice of subject and more of treatment were determined by the questions of students and others attempting to find in this history of modern Europe something more than a chronicle of events a list of dates and names a catalogue of political and constitutional changes

Propaganda and Persecution Renée Poznanski, 2024-01-23 Renée Poznanski s magisterial history of the French Resistance during World War II offers a comprehensive exploration of the most significant issue in that period s social imaginary the Jewish question With extraordinary nuance she analyzes the discourse around Jews and Judaism that pervaded the Resistance s propaganda and debates while closely examining the fate of Jews under Vichy and after Poznanski argues that Jews in France suffered a double persecution one led by the Vichy government the other imposed by the Nazis Marginalization and exclusion soon led to internment and deportation to terrifying places Meanwhile a propaganda war developed between the Resistance and the official voice of Vichy Poznanski draws on a breathtaking array of sources especially clandestine publications and French language BBC transmissions to show how the Resistance both fought and accommodated the deeply entrenched antisemitism within French society Her close readings of propaganda texts against public opinions probe ambiguities and silences in Resistance writing about the persecution of the Jews and in parallel the numerous and detailed denunciations that could be read in the Jewish clandestine press This extensive synthesis extends to the post Liberation period during which the ongoing persecution of Jews in Europe and North Africa would be portrayed as secondary to the suffering of the nation The winner of the 2009 Henri Hertz Prize by the Chancellerie des Universités de Paris *Propaganda and Persecution* makes major contributions to the study of the Resistance and of antisemitism Lenn J Schramm s English translation brings Poznanski s dynamic prose to life

Balzac, Grandville, and the Rise of Book Illustration Keri Yousif, 2016-04-15 Examining how

the rise of book illustration affected the historic hegemony of the word Keri Yousif explores the complex literary and artistic relationship between the novelist Honoré de Balzac and the illustrator J.J. Grandville during the French July Monarchy 1830-1848 Both collaborators and rivals these towering figures struggled for dominance in the Parisian book trade at the height of the Romantic revolution and its immediate aftermath Both men were social portraitists who collaborated on the influential encyclopedic portrayal of nineteenth century society *Les Français peints par eux-mêmes* However their collaboration soon turned competitive with Grandville's publication of *Scènes de la vie privée et publique des animaux* a visual parody of Balzac's *Scènes de la vie privée* Yousif investigates Balzac's and Grandville's individual and joint artistic productions in terms of the larger economic and aesthetic struggles within the nineteenth century arena of cultural production showing how writers were forced to position themselves both in terms of the established literary hierarchy and in relation to the rapidly advancing image As Yousif shows the industrialization of the illustrated book spawned a triadic relationship between publisher writer and illustrator that transformed the book from a product of individual genius to a cooperative and commercial affair Her study represents a significant contribution to our understanding of literature art and their interactions in a new marketplace for publication during the fraught transition from Romanticism to Realism

French Romantic Travel Writing

Christopher W. Thompson, 2012 A pioneering overview of the travel books produced by fourteen French Romantic writers including Chateaubriand, Stendhal, Hugo, Nerval, Sand, Mérimée, Dumas, and Tristan whose journeys ranged from Peru to Russia and from North America to North Africa and the Near East

Behind the Seams Susan Hiner, 2023-09-07 In this highly original book Susan E. Hiner looks behind fashion's seams and focuses on the women fashion producers both working and middle class who were key to shaping the French fashion economy Behind the Seams thus opens up the fields of both fashion and French cultural studies and explores new ways of understanding the 19th century by demonstrating that these women's complex and contradictory roles as producers of luxury items left them exploited by an oppressive fashion system even as they served as influencers within it In 19th century France fashion was a powerful and lucrative network that depended on women's expert manipulation of its raw materials The delicate finger work of seamstresses and modistes yielded frothy dresses and ethereal hats the subtle persuasive rhetoric of written chronicles resulted in savvy targeted marketing campaigns of goods and lifestyles and the stylized visual splendour of the detailed drawing engraving and painting of fashion plates fed an aspirational fantasy that ended in consumption Yet this fashion system paradoxically effaced many of the women on whom it depended Rather than repeating the familiar narrative of women as victims of fashion Behind the Seams tells a more complicated story Hiner's

close examination reveals the productive women workers writers and artists who achieved agency influence and active careers even as their work and lives were masked by the ways in which they were mythologized in popular culture rendered anonymous and marginalized by institutional exclusion Beautifully illustrated in colour throughout Behind the Seams is a rich resource and essential reading for all those interested in fashion history 19th century French history and visual culture and the social history of women

Spies in European Culture, 1815-1914 Laura Di Fiore, Elisabetta Abignente, 2025-01-23 This volume brings together academics from the USA and across Europe to examine the nature representations and perceptions of the figure of the spy in Europe between 1815 and 1914 As such it is the first scholarly investigation of the genesis both of contemporary espionage and of the cultural imagination associated with it Spies in European Culture 1815 1914 sheds light on the founding moment of espionage and the use of secrecy in politics in the contemporary age It successfully argues that the 19th century saw the development of a cultural historical process in which disruptive novelties like the disguise the secret and the double identity simultaneously assailed the spheres of the state the self and the imaginary ushering in distinctive features of society in the modern era in the process This global phenomenon in which state and society but also reality and fiction were profoundly intertwined is therefore investigated by means of a transdisciplinary analysis that considers both the politico institutional and the cultural planes that existed at the time

Cinema and the Invention of Modern Life Leo Charney, Vanessa R. Schwartz, 2023-09-01 Casting aside the traditional conception of film as an outgrowth of photography theater and the novel the essays in this volume reassess the relationship between the emergence of film and the broader culture of modernity Contributors leading scholars in film and cultural studies link the popularity of cinema in the late nineteenth century to emerging cultural phenomena such as window shopping mail order catalogs and wax museums Casting aside the traditional conception of film as an outgrowth of photography theater and the novel the essays in this volume reassess the relationship between the emergence of film and the broader culture of modernity Contributors leading scholars

The Impressionist Print Michel Melot, 1996-01-01 A print can sometimes tell us more than a painting about the history of art Michel Melot illustrates his thesis in this book analysing relationships between artists the art market the critics collectors and political institutions This fresh approach reveals Impressionism not as a sort of miracle but as a response to economic and social upheaval This original view of a key movement in the history of art allows the reader to understand its decisive effect on all the subsequent generations who have contributed to maintaining the tradition of the belle epreuve
