productive aging in EAP and emphasizes that aging is not just about older people but requires policy and behavioral change across the life cycle

Urban Animals Tora Holmberg, 2015-03-27 The city includes opportunities as well as constraints for humans and other animals alike Urban animals are often subjected to complaints they transgress geographical legal as and cultural ordering systems while roaming the city in what is often perceived as uncontrolled ways But they are also objects of care conservation practices and bio political interventions What then are the more than human experiences of living in a city What does it mean to consider spatial formations and urban politics from the perspective of human animal relations This book draws on a number of case studies to explore urban controversies around human animal relations in particular companion animals free ranging dogs homeless and feral cats urban animal hoarding and crazy cat ladies The book explores zoocities the theoretical framework in which animal studies meet urban studies resulting in a reframing of urban relations and space Through the expansion of urban theories beyond the human and the resuscitation of sociological theories through animal studies literature the book seeks to uncover the phenomenon of humanimal crowding both as threats to be policed and as potentially subversive In this book a number of urban controversies and crowding technologies are analysed finally pointing at alternative modes of trans species urban politics through the promises of humanimal crowding of proximity and collective agency The exclusion of animals may be an urban ideology aiming at social order but close attention to the level of practice reveals a much more diverse disordered and perhaps disturbing experience

Flourishing in Emerging

Adulthood Laura M. Padilla-Walker, Larry J. Nelson, 2017-03-31 Flourishing in Emerging Adulthood highlights the third decade of life as a time in which individuals have diverse opportunities for positive development There is mounting evidence that this time period at least for a significant majority is a unique developmental period in which positive development is fostered Dr Lene Arnett Jensen highlights the importance of this work in an engaging foreword and chapters are written by leading scholars in diverse disciplines who address various aspects of flourishing They discuss multiple aspects of positive development including how young people flourish in key areas of emerging adulthood e g identity love work worldviews the various unique opportunities afforded to young people to flourish how flourishing might look different around the world and how flourishing can occur in the face of challenge Most chapters are accompanied by first person essays written by a range of emerging adults who exemplify the aspect of flourishing denoted in that chapter and make note of how choices and experiences have helped them transition to adulthood Taken together this innovative collection provides rich evidence and examples of how young people are flourishing as a group and as individuals in a variety of settings and circumstances This unique resource will be useful to students faculty professionals clinicians and university personnel who work with young adults or who study development during emerging adulthood

Industrial relations and financial globalization Ignasi Brunet, Alejandro Pizzi, David Moral, 2019-06-13 Capitalism in its modern form has become universal and has a presence in practically every country in the world including those which once called themselves Communist This book studies its effects

on different labor markets from those linked to highly tertiary economies EU 27 USA and Japan to the most productive economies such as China and on to economic models that are in full transition from secondary to tertiary economies as is the case in several Latin American countries Looking for Information Lisa M. Given,Donald O. Case,Rebekah Willson,2023-06-30 This fifth edition is redesigned to reflect the breadth of research across information behaviour studies with a new streamlined six chapter structure presenting a refreshed look at information needs and seeking practices while also embracing contemporary concepts such as information use creation and embodiment *Beyond the Flow* Walkowski Niels-Oliver,2019-08-26 In the wake of the so called digital revolution numerous attempts have been made to rethink and redesign what scholarly publications can or should be *Beyond the Flow* examines the technologies as well as narratives driving this unfolding transformation However facing challenges such as the serial crisis knowledge burying or sudoku research the discourses and practices of scholarly publishing today are mainly shaped by confusion heterogeneity and uncertainty By critically interrogating the current state of digital publishing in academia the book asks for how a sustainable post digital publishing ecology can be imagined
