Michel Foucault Subjectivité et Pouvoir Ethique:

Michel Foucault Naima Riahi, 2011-07-01 Le sujet selon Foucault est configuré suivant plusieurs pratiques discursives et non discursives et englobé dans des relations de savoir-pouvoir. La tâche du philosophe est de en rendre compte et de mettre au clair les possibilités de connaître ce sujet formé et transformé par le pouvoir. Ainsi il serait nécessaire de recommencer la modernité et de transformer son thème nodal : savoir le sujet.

Pouvoir et Ethique dans l'Oeuvre de Michel Foucault Sandrine Hautot, 1999

Foucault Wittgenstein Collectif, 2022-07-13 Les œuvres de Foucault et de Wittgenstein qui relèvent de traditions philosophiques fort loignées peuvent toutefois entrer en résonance et se relancer mutuellement. Cette mise en perspective permet alors de cerner les points aveugles comme l'insistance contemporaine du questionnement philosophique propres chacune d'elles. Ces deux auteurs ont en effet proposé une critique radicale de la notion classique d'une subjectivité souveraine contre une compréhension traditionnelle d'un sujet de l'action et du savoir transparent soi-même. Quelles sont dès lors les conséquences éthiques et politiques d'une telle conception non psychologique et non métaphysique de la subjectivité ? En explorant hors de tout clivage institutionnel des thèmes tels que le rapport soi-la conscience et ses illusions, l'identité subjective dans sa dimension institutionnelle et politique, les rapports entre le Je et le Nous, il s'agit de faire merger de la confrontation Foucault-Wittgenstein un style de pensée qui nous pousse à repenser radicalement la forme de nos intérêts et de nos préoccupations éthiques et politiques.

L'usage de la subjectivité Mingjie Tang, 2018-10-30 Les travaux de Foucault sur l'histoire de la subjectivité analysent la manière dont s'est formé et a fonctionné le concept d'homme, comment il a aggrégé des éléments hétérogènes pour imposer son évidence dans notre modernité. La subjectivité s'est établie dans le rapport sa propre vérité comme noeud de la vérité, de la gouvernementalité et de la spiritualité. C'est dans ce jeu de la connaissance individuelle que se mettent en place les dispositifs du sujet et leurs conditions, c'est dans l'archéologie de la relation avec la vérité, le pouvoir et le soi que l'on retrouve peut-être l'usage de notre subjectivité.

L'impatience de la liberté Nicolas-Alexandre Dupont, 2010 Cette étude aborde la question des rapports entre l'œuvre ouverte de Michel Foucault et le genre philosophique auquel ce dernier s'est toujours refusé d'appartenir. N. A. Dupont examine par une série d'analyses la contribution de M. Foucault à l'histoire de la philosophie et instruit la question des rapports entre les lectures du vitalisme et du positivisme par Foucault et par Canguilhem.

Subjectivité et vérité Michel Foucault, 2025-01-22 T00:00:00+01:00 L'hypothèse de travail est celle-ci : il est vrai que la sexualité comme expérience n'est évidemment pas indépendante des codes et du système des interdits, mais il faut rappeler aussi que ces codes sont fondamentalement stables, continus, lents à se mouvoir. Il faut rappeler aussi que la façon dont ils sont observés ou transgressés semble elle aussi très stable et très répétitive. En revanche, le point de mobilité historique, ce qui sans doute change le plus souvent, ce qui a été le plus fragile, ce sont les modalités de l'expérience. Michel Foucault prononce en 1981 un cours qui marque une inflexion décisive dans son chemin de pensée et le projet bachelardien de 1976 d'une Histoire de la sexualité. C'est le moment où les arts de vivre deviennent le foyer de sens à partir duquel pourra se déployer une

pens e neuve de la subjectivit C est le moment aussi o Foucault probl matise une conception de l thique comprise comme l laboration patiente d un rapport de soi soi L tude de l exp rience sexuelle des Anciens permet ces nouveaux d ploiments conceptuels Dans ce cadre Foucault analyse des crits m dicaux des trait s sur le mariage la philosophie de l amour ou la valeur pronostique des r ves rotiques afin d y retrouver le t moignage d une structuration du sujet dans son rapport aux plaisirs aphrodisia ant rieuse la construction moderne d une science de la sexualit ant rieuse la hantise chr tienne de la chair L enjeu est en effet d tablir que l imposition d une herm neutique patiente et interminable du d sir constitue l invention du christianisme Mais pour cela il importait de ressaisir la sp cificit irr ductible des techniques de soi antiques Dans cette s rie de le ons qui annoncent clairement L Usage des plaisirs et Le Souci de soi Foucault interroge particuli rement le primat grec de l opposition actif passif sur les distinctions de genre ainsi que l laboration par le sto cisme imp rial d un mod le de lien conjugal pr nant une fid lit sans faille un partage des sentiments et conduisant la disqualification de l homosexualit

Foucault Wittgenstein Elisabetta Basso,2022 **Subjectivity and Truth** Michel Foucault,2017-07-22 The working hypothesis is this it is true that sexuality as experience is obviously not independent of codes and systems of prohibitions but it needs to be recalled straightaway that these codes are astonishingly stable continuous and slow to change It needs to be recalled also that the way in which they are observed or transgressed also seems to be very stable and very repetitive On the other hand the point of historical mobility what no doubt change most often what are most fragile are modalities of experience Michel Foucault In 1981 Foucault delivered a course of lectures which marked a decisive reorientation in his thought and of the project of a History of Sexuality outlined in 1976 It was in these lectures that arts of living became the focal point around which he developed a new way of thinking about subjectivity It was also the moment when Foucault problematized a conception of ethics understood as the patient elaboration of a relationship of self to self It was the study of the sexual experience of the Ancients that made these new conceptual developments possible Within this framework Foucault examined medical writings tracts on marriage the philosophy of love or the prognostic value of erotic dreams for evidence of a structuration of the subject in his relationship to pleasures aphrodisia which is prior to the modern construction of a science of sexuality as well as to the Christian fearful obsession with the flesh What was actually at stake was establishing that the imposition of a scrupulous and interminable hermeneutics of desire was the invention of Christianity But to do this it was necessary to establish the irreducible specificity of ancient techniques of self In these lectures which clearly foreshadow The Use of Pleasures and The Care of Self Foucault examines the Greek subordination of gender differences to the primacy of an opposition between active and passive as well as the development by Imperial stoicism of a model of the conjugal bond which advocates unwavering fidelity and shared feelings and which leads to the disqualification of homosexuality

Towards a critique of Foucault Mike Gane,2013-04-03 The work of Michel Foucault one of the most influential of modern French social theorists and philosophers has had a dramatic and far reaching effect on many disciplines The essays
