United States. National Advisory Commission on Criminal Justice Standards and Goals,1973 This report presents proposals
for the restructuring and streamlining of the processing of criminal cases at state and local levels A major restructuring and
streamlining of procedures and practices in processing criminal cases at state and local levels is proposed by the National
Advisory Commission on Criminal Justice Standards and Goals The proposals of the Commission appear in the form of
specific standards and recommendations almost 100 in all that spell out in detail where why how and what improvements can
and should be made in the judicial segment of the criminal justice system The report on courts is a reference work for the
practitioner judge court administrator prosecutor or defender as well as the interested layman The Commission argues that
the problems which keep the criminal court system from performing its functions are inconsistency in the processing of
criminal defendants uncertainty concerning results obtained unacceptable delays and alienation of the community In
composing suggested improvements for the court system the Commission s first priority is to devise standards for attaining
speed and efficiency in the pretrial and trial processes and prompt finality in appellate proceedings The second priority is the
upgrading of defense and prosecution functions and the third priority is the assurance of a high quality in the judiciary To
expedite pretrial procedures the prosecutor should screen all criminal cases coming before him and divert from the system
all cases wherein further processing by the prosecutor is not appropriate Among Commission recommendations are
elimination of all but the investigative function of the grand jury elimination of formal arraignment unification of all courts
within each state and the upgrading of criminal court personnel **The National Corporation Reporter** ,1905 **The**
