- 1.3.3 Which ONE of fronts A or B is moving faster? (1 x 1) (1)

- 1.3.4 Give a reason for your answer to QUESTION 1.3.3. (1 x 2) (2)

- 1.3.5 Give evidence from the sketch that the mid-latitude cyclone is found in the Southern Hemisphere. (1 x 2) (2)

Geography Paper November 2013 Memorandum

David M. Cochran Jr., Carl A. Reese

Geography Paper November 2013 Memorandum:

Human Rights and the Dark Side of Globalisation Thomas Gammeltoft-Hansen, Jens Vedsted-Hansen, 2016-12-08

This book examines the continued viability of international human rights law in the context of extraterritorialisation outsourcing and privatisation of law enforcement tasks New forms of state cooperation raise difficult questions about divided shared and joint responsibility under international human rights law This book brings together some of the most authoritative legal voices to provide an introduction to core issues such as state responsibility attribution and extraterritorial jurisdiction as well as up to date case studies of different transnational law enforcement issues It will interest students scholars and practitioners of IR human rights and public international law

Mo Stewart, 2016-09-14 Mo Stewart is a former healthcare professional a disabled female veteran and an independent researcher This book is the culmination of six years of self funded research and the evidence exposes the influence of corporate America since 1992 with the future welfare reforms of the UK The impact of the enforced austerity measures of the UK government is identified as they negatively affect the welfare and the survival of the chronically sick and disabled population in receipt of welfare benefits when unfit to work The research has informed welfare reform debates in the House of Lords and the House of Commons since 2011 and contributed to the evidence used by the United Nations to investigate the UK government for breaches of the Human Rights of sick and disabled people Endorsed by the disabled community and

by academics the research has identified the adoption of lethal social policies copied from American social security policies and linked to the death of thousands of the most vulnerable of all as the UK welfare state is systematically demolished as all planned over thirty years ago by a previous Conservative government *The War Lawyers* Craig Jones,2020-11-26 Over the last 20 years the world s most advanced militaries have invited a small number of military legal professionals into the heart of their targeting operations spaces which had previously been exclusively for generals and commanders These professionals trained and hired to give legal advice on an array of military operations have become known as war lawyers The War Lawyers examines the laws of war as applied by military lawyers to aerial targeting operations carried out by the US military in Iraq and Afghanistan and the Israel military in Gaza Drawing on interviews with military lawyers and others this book explains why some lawyers became integrated in the chain of command whereby military targets are identified and attacked whether by manned aircraft drones and or ground forces and with what results This book shows just how important law and military lawyers have become in the conduct of contemporary warfare and how it is understood Jones argues that circulations of law and policy between the US and Israel have bolstered targeting practices considered legally questionable contending that the involvement of war lawyers in targeting operations enables legitimises and sometimes even extends military violence

A Usable Collection Jan Lucassen,Aad Blok,Huub Sanders,2025-10-01 Established in 1935 the International Institute of Social History IISH is one of the world s leading research institutes focused on social history and holds one of the richest collections in the field This volume brings together thirty five essays in honor of the IISH s longtime director Jaap Kloosterman who built the institute into a world leader in the field *The Changing Practices of International Law* Tanja Aalberts,Thomas Gammeltoft-Hansen,2018-04-05 With more than 158 000 treaties and some 125 judicial organisations international law has become an inescapable factor in world politics since the Second World War In recent years however international law has also been increasingly challenged as states are voicing concerns that it is producing unintended effects and accuse international courts of judicial activism This book provides an important corrective to existing theories of international law by focusing on how states respond to increased legalisation and rely on legal expertise to manoeuvre within and against international law Through a number of case studies covering a wide range of topical issues such as surveillance environmental regulation migration and foreign investments the book argues that the expansion and increased institutionalisation of international law itself have created the structural premise for this type of politics of international law More international law paradoxically increases states political room of manoeuvre in world society *The Papers of James Monroe, Volume 5* Daniel Preston,2014-09-26 This fifth volume of The Papers of James Monroe presents many important and never before published documents relating to the critical years 1803 1811 providing a documentary record of the early American Republic as well as of a future president of the United States For academic scholars college and high school students and general readers interested in the history of the United States The Papers of James Monroe series has

established itself as the go to resource for primary documents about President James Monroe and the early history of the United States In this latest volume readers have access to more than 400 annotated original documents some of which have never before been published This fifth volume of this acclaimed series presents a chronologically organized collection of documents covering the period from January 1803 through April 1811 Following an introductory essay the subjects covered include Monroe s involvement in treaty negotiations with England Spain and France most notably those talks surrounding the Louisiana Purchase his candidacy in the 1808 presidential election and his appointment as secretary of state in 1811 The documents in this volume illuminate the decisions made by American British French and Spanish leaders during this specific period especially regarding events leading up to the War of 1812 which illustrate how monumental events such as war can result from the choices of certain key individuals *Coast Guards and Ocean Politics in the Arctic* Andreas

Østhagen,2019-11-04 This book is about how coast guards are becoming states foremost tool to manage changes occurring in ocean politics generally and in the Arctic specifically It looks at states rights at sea changes occurring in the Arctic region how coast guards are handling issues arising and how international cooperation can deal with some of the related challenges

Deepening Neoliberalism, Austerity, and Crisis Julien Mercille,Enda Murphy,2015-07-07 From bank bailouts to austerity Europe s and Ireland s response to the economic crisis has been engineered specifically to shift the burden of paying for the crisis onto ordinary citizens while investors financiers bankers and the privileged are protected The authors expose the class based nature of Ireland s crisis resolution **Lessons From The Arctic** Emily Tsui,Thomas S Axworthy,Sara

French,2020-08-06 *Lessons from the Arctic The Role of Regional Government in International Affairs* is a collection of articles written by twenty six leading and emerging scholars from across the circumpolar region Each author assesses and explores the processes of regional governance in the Arctic from an interdisciplinary perspective The topics include Indigenous internationalism paradiplomacy federalism global institution building and more
