disappear her answers are shortened and you might even start feeling like a disaster wishing you had the ability to know what she was thinking It s happened to all of us some time or another that we don t know what to say when entering into a conversation or that there are some uncomfortable silences The truth is that it is not as difficult as many think and yet many men end up in boring conversations and girls rarely have unforgettable nights with them Why Because they end up doing the same boring predictable and tedious things than the last 100 previous guys did and they simply don t work Imagine that one girl is on a date with a random guy she doesn t know and he starts asking her the same questions she always hears So where do you come from What is your job What do you study Why did you choose that university Where would you like to live Where would you like to go on vacations or even talk about the WEATHER Yes That last one definitely is the topic of conversation of an unforgettable night The worst thing is that there is a belief that the solution to this is openers or pre set phrases and I have to admit that I used to think that way too Once a guy wrote to me If I just had a perfect phrase to start a conversation everything else would just flow In the same way many men also look for that perfect phrase that all encompassing opener in order to get attention instantly and make any girl attracted towards us but I m sorry to say that it doesn t work this way The people who unconsciously feel like techniques or pick up phrases are necessary is because they do not feel good enough themselves to win the ladies attention The most successful men are those who don t put women above themselves That way your game becomes simple and natural In this book I will give you the tools to improve conversations flirt and connect with women in a sexual way
