Privitera, 2024-08-01 Research Methods for the Behavioral Sciences Fourth Edition employs a problem focused approach to present a clear and comprehensive introduction to research methods Award winning teacher and author Gregory J Privitera fully integrates the research methods decision tree into the design process to help students choose the most appropriate method for the research question they are seeking to answer The book s conversational writing style and student focused features empower students to view research methods as something they can both understand and apply Over the course of the book students learn how to structure a study to answer a research question and navigate through the process of choosing an appropriate analysis or statistic to write a research report New elements to the Fourth Edition include a new standalone chapter on qualitative research assumptions testing throughout chapters on quantitative research and updated examples and figures to communicate the latest updates in behavioral science research

Engaging Undergraduates in Publishable Research: Best Practices Traci A. Giuliano, Jeanine L. M. Skorinko, Marianne Fallon, 2019-11-20 Although many articles and books have been written about conducting research with undergraduates there is a dearth of research on the process of publishing with undergraduates Thus in this research topic we assembled a collection of 43 articles from 98 researchers worldwide who are passionate about and have had success in publishing high quality peer reviewed journal articles with undergraduates The diverse articles represent a wide range of practices to help researchers publish with undergraduates including structuring the curriculum to promote undergraduate research and publication optimizing research experiences for

undergraduates training students in implementing advanced techniques accessing special populations or conducting research in off campus settings addressing institutional and career challenges for faculty and increasing inclusion and diversity Each article provides a unique and diverse perspective that nevertheless resonates across contexts and situations We hope that the ideas models techniques and practices in these articles will motivate and inspire readers to begin continue or rethink how they engage undergraduates in publishable research we also hope to stimulate empirical and quantitative research on the effectiveness of these ideas models techniques and practices
