Przez wrzesień i październik dzuma trzymała miasto zgięte w swym uścisku. Ponieważ ludzie dreptały poległa na dreptaniu, setki tysięcy tygodni. Mgła, upał i deszcz następowały po sobie na niebie. Milczące chmary ptaków, drozdów ciągnących z południa, przelatywały bardzo wysoko, ale omijały miasto, jak gdyby maczuga Paneloux, dziwny kawał drewna obracający się z gwizdem nad domami, trzymała na uboczu. Z początkiem października deszcze wymiotły ulice. I przez cały październik zdarzyło się nic ważniejszego od dreptania.

Rieux i jego przyjaciele byli z tym bardzo nie zgodni. Sanitariuszy było zaledwie trzech.

From the Army to College Jillian Ventrone, Paul Karczewski, 2015-09-28 Today's soldiers are highly motivated to serve but face numerous challenges especially considering the sacrifices they have made over the past decade of war. As the service branches face budget cuts and draw downs, soldiers need to be aware of the resources and options available to help make them more competitive for promotion or more credible for potential civilian sector employers. *From the Army to College: Transitioning from the Service to Higher Education* fulfills this need by serving as a long-term reference manual that will support soldiers throughout their higher education or vocational pursuits and assist with navigating the available funding resources. Aspiring civilians looking to join the Army, soldiers already on active duty, or those transitioning into the civilian sector will gain invaluable information to help them properly prepare, plan, and perform the tasks necessary for a successful transition into the world of education. If a soldier's goal is to expand his or her credentials through education or training, this book is the definitive field manual.

From the Air Force to College Jillian Ventrone, Andrew Hollis, 2016-04-11 The Air Force can be the initial platform of a lifelong career pathway for individuals interested in serving one contract or those who stay on active duty for a full career. The education and certification options available to airmen can enhance the career viability of those who choose to take advantage of the benefits, but learning about and navigating the possibilities can be difficult. *From the Air Force to College: Transitioning from the Service to Higher Education* is designed to help readers navigate through this process and to assist them throughout their Air Force journey, including individuals who are just about to join active duty, airmen, and those preparing to transition back into the civilian sector. This book serves as the go-to guide for those who actively seek opportunities to further develop their education and improve their current and future career prospects. The Air Force offers many different opportunities for career enhancement and self-betterment, but if an airman does not know whom to seek out for advice, the process can get complicated. Plus, deciphering the world of higher education and navigating the available active-duty and veterans' benefits is challenging. Incorrect choices can mean extended periods of time backtracking later on or running out of payment options.

From the Marine Corps to College Jillian Ventrone, 2014-10-16 The Iraq and Afghanistan Wars have taken a harsh toll on our military's population. Some service members come back from combat ready for a change of pace; others get caught up in the draw-down currently occurring within the services. Many of these service members decide to pursue higher education. Veterans' education benefits are a source of much discussion but often hard to decipher. *From the Marine Corps to College: Transitioning from the Service to Higher Education* aims to simplify this process. Designed to help Marines navigate the world of higher education and their available state and federal benefits, this accessible guide will better prepare veterans for tackling their new mission: college. *From the Marine Corps to College* can be read as a book from cover to cover or as a reference manual, section by section. The easy-to-follow format will assist Marines in furthering their educational goals.
