

Dedicated for Container Handling

A renewed workhorse dedicated for laden containers.

The Contmaster is improved in several ways, which is reflected in higher efficiency and longer service intervals. In other words the machine now gives you a higher output per hour.

A reachstacker is one of the most flexible handling solutions whether to operate a smaller one-unit terminal or a medium sized port. The ContMaster can handle loaded containers quickly and efficiently in narrow spaces, while still ensuring that the driver has optimum visibility. The machine comes in one wheel base optimised for lifting capacity in relation to manoeuvrability.

The extensive freedom allowed by the lifting equipment means that the machine's position in relation to the container and its drop-off is of little significance. The rotational and side-shift function means that the machine does not usually need to be placed at right angles to the container during loading and unloading. The distance between the container and the machine can also be varied, as the boom can be extended and withdrawn.

Compared to a conventional forklift, a larger proportion of the lifting manoeuvre can be performed while the truck is stationary.

Containers can also be lifted and trans-

Any driver with the ability to take advantage of the machine's capacity and technical benefits will find this reachstacker a powerful, flexible tool for handling contain-
