program for Latino boys Instead of attempting to shape these boys lives through the threat of punishment the program aims to provide an invitation to a respectable and productive masculinity framed as being rooted in traditional Latinx signifiers of manhood Singh argues however that the promotion of this aspirational form of Latino masculinity is rooted in neoliberal multiculturalism heteropatriarchy and anti Blackness and that even such empowerment programs can unintentionally reproduce attitudes that paint Latino boys as problematic and in need of control and containment An insightful gender analysis Good Boys Bad Hombres sheds light on how mentorship is a reaction to the alleged crisis of Latino boys and is governed by the perceived remedies of the neoliberal state Documenting the ways Latino men and boys resist the politics of neoliberal empowerment for new visions of justice Singh works to deconstruct male empowerment arguing that new narratives and practices beyond patriarchal redemption are necessary for a reimagining of Latino manhood in schools and beyond
