communicate in one way or another but very few people are able to develop the right relationship skills in everyday life. An incorrect style of communication often gives rise to misunderstandings and conflicts without considering the fact that it can hurt the feelings of others following an incorrect interpretation of the message transmitted. Anxiety, insecurity, and fear sometimes escape our control, especially in the first contact, but if we become aware of this dynamic, we can finally break the vicious circle. Even at work, knowing how to communicate in public is a crazy advantage. If you want to excite your audience or at least arouse interest in the topic you are exposing, it is worth committing to improve your presentation technique. How can you improve yourself in this regard? There are some really useful and valid tools to develop a good relationship impact. By combining their individual powers, you will get an explosive mix of communicative effectiveness. In this collection of two books, *Effective Public Speaking* and *Effective Communication Skills*, I will try to make you understand some central points of the dynamics of human communication. The aim, however, is to give you simple and effective techniques that you can use to communicate effectively as soon as you are finished reading the guide.
