**JavaScript: The Missing Manual** David Sawyer McFarland, 2008-07-21 JavaScript is an essential language for creating modern interactive websites but its complex rules challenge even the most experienced web designers. With JavaScript The Missing Manual you'll quickly learn how to use JavaScript in sophisticated ways without pain or frustration even if you have little or no programming experience. JavaScript expert David McFarland first teaches you the basics by having you build a simple program. Then you'll learn how to work with jQuery a popular library of pre-built JavaScript components that's free and easy to use. With jQuery you can quickly build modern interactive web pages without having to script everything from scratch. Learn how to add scripts to a web page, store and manipulate information, communicate with the browser window, respond to events like mouse clicks and form submissions and identify and modify HTML. Get real world examples of JavaScript in action. Learn to build pop-up navigation bars, enhance HTML tables, create an interactive photo gallery and make web forms more usable. Create interesting user interfaces with tabbed panels, accordion panels and pop-up dialog boxes. Learn to avoid the ten most common errors new programmers make and how to find and fix bugs. Use JavaScript with Ajax to communicate with a server so that your web pages can receive information without having to reload.

**Google Apps for Seniors** Scott La Counte, 2019-08-29 Remember when you used to pay for things? When computer software was almost as much as your new computer. Times have certainly changed. Today many companies are giving you all that stuff you used to pay hundreds of dollars for for free. What's the catch? There has to be a catch. Sometimes there definitely is a catch. It's free but you have to watch a 30-second commercial every five minutes. Or it's free but you have to pay a subscription once you start to really like it. In the case of Google Apps it truly is free. No annoying ads. No money grabs. Nothing. For the price of nothing you are getting online software that is on par with the Office suite you grew to love and pay hundreds of dollars for. That means you get writing software, spreadsheet software, presentation software and more and you don't pay a dime. Now you see why so many people are making the switch to Google Apps. Who wouldn't want to pay nothing for good software? If you are interested in learning more about it or you are ready to make the leap and become a free user then this guide will show you the ropes and get you started as quickly as possible. Let's get started. This book is not endorsed by Alphabet Inc.
