European programs were caught up in big geopolitical debates about the appropriate role of the Fund in the aftermath of the global financial crisis The book examines the intellectual and policy shifts that took place in the IMF as a result of the controversies about its European programs It concludes with some reflections on how all the programs also produced genuine policy reform and held out the possibility of a return to growth and prosperity

Recall of MPs Great Britain. Parliament. House of Commons. Political and Constitutional Reform Committee,2012 The Government published a draft Bill on the Recall of MPs with the aim of restoring faith in the political process after the expenses scandal But the restricted form of recall proposed could reduce public confidence in politics by creating expectations that are not fulfilled Under the Government's proposals constituents themselves would not be able to initiate a recall petition Furthermore the circumstances that the Government proposes would trigger a recall petition are so narrow that recall petitions would seldom if ever take place The Committee believes that the new House of Commons Committee on Standards which will include lay members already has the sanctions it needs to deal with MPs who are guilty of misconduct including recommending the ultimate sanction of expulsion from the House of Commons in cases of serious wrongdoing The Committee argues that the option of expulsion must be actively considered and that the House must be prepared to act The Committee recommends that the Government replace the requirement for a single designated location for signing the recall petition with a requirement for multiple locations that people with an existing postal vote should automatically be sent a postal signature sheet in the event of a recall petition that constituents in Northern Ireland should have the same options for signing a recall petition as constituents elsewhere in the UK rather than being restricted to signing by post

Field and Stream ,1963 *Us for Them* Austin Fischer,2024-04-10 Us versus them it s one of the oldest stories ever told and we keep finding new ways to tell it The conservative versus progressive cultural holy war over social justice reconciliation unity and politics is the most recent version of the story and our lives are increasingly defined by it Which side are you on Do you want justice or friendship Diversity or unity Victory or communion But what if this alleged holy war is better understood as an opportunity for a humble and creative collaboration What if conservatives and progressives tell a better story together What if we seek higher ground instead of partisan or middle ground What if God doesn t want to pull us to the right or to the left or to the middle What if God wants to pull us up Us for Them suggests that instead of hunkering down into ideological trench warfare Christians can ascend into the elevation of the kingdom by practicing God s fierce but friendly justice in an unfriendly and unjust world Because Christianity is a faith of justice and friendship not one or the other
