How Young People Communicate. A Cuban Perspective Eddie Fisher, Yorkys Santana Gonzalez, 2014-11-06 Research Paper postgraduate from the year 2014 in the subject Psychology Social Psychology Palack University Olomouc Economics language English abstract This research investigates and provides a deeper insight into what is meant by effective communication then relates this to how young people in Cuba communicate today and how changes in technology have already affected the communication style of youngsters in this country The results suggest that face to face communications are diminishing at the expense of digital communications such as SMS and Social Media This could have adverse affects in future on how well young and older people live and work together in local communities It is suggested to take proactive steps now to educate young people in the correct use of emerging technology to ensure that they do not lose their ability to communicate effectively with people at all ages in future Social Psychology has a responsibility to improve the lives of people at all ages It could become the driving force to educate young people how to make good use of the new technology whilst at the same time trying not to lose existing abilities to communicate effectively with people face to face and with respect The outcome of this research should also be of interest to other countries The adverse impact of new technology on how young people communicate is now evident world wide Keywords Face to face communications technology social media attitude social responsibilities

incorporate and experience an internationalized curriculum regardless of time and financial limitations This book is notable as a professional development resource for individuals both inside and outside the communication discipline who wish to incorporate a global perspective into their research and classrooms *Assertiveness in the Health Domain* Susana

Castaños-Cervantes, Connie Atristain-Suárez, 2025-04-25 This comprehensive guide offers invaluable tools and strategies for educators parents caregivers and health professionals to cultivate assertive skills enhance the quality of care and improve teamwork and interpersonal relationships in health related environments and educational institutions **Beauty:**

**Exploring Critical Perspectives** Pierre Wilhelm, 2019-07-22 This volume was first published by Inter Disciplinary Press in 2016 Rather than accept society's preferred metaphors about beauty at face value the authors in this volume question the fact that beauty can also surprise us in the least foreseeable setting at the most unexpected moment and in the most surprising or unsettling ways Their work underscores beauty's ephemeral transitory fleeting and at times confounding nature The way beauty reveals itself to us they point out may challenge or even contradict established conventions norms and values about aesthetics The emergence of unconventional metaphors and analogies about beauty in these chapters calls on us to pay attention to competing and seemingly intractable connotations of fear darkness ugliness oppression repression callousness and dejection that won't leave us indifferent to their appeal How we as researchers envisage beauty as a topic of investigation tells us as much about our conceptualization of beauty arising from particular scientific perceptions as about the language and symbols that express this perception It raises the important question about why we rely on conceptual constructs to explain beauty and whether beauty remains a mystery to be explored or ultimately one best left unexplained

**Perspectives on Individual Differences Affecting Therapeutic Change in Communication Disorders** Amy L. Weiss, 2012-12-06 This volume examines the ramifications of individual differences in therapy outcomes for a wide variety of communication disorders In an era where evidence based practice is the clinical profession's watchword each chapter attacks this highly relevant issue from a somewhat different perspective In some areas of communication disorders considering the variance brought by the client into the therapeutic mix has a healthy history whereas in others the notion of how individual client profiles mesh with therapy outcomes has rarely been considered Through the use of research results case study descriptions and speculation the contributors have creatively woven what we know and what we have yet to substantiate into an interesting collection of summaries useful for therapy programming and designing clinical research

**Understanding Young People's Writing Development** Ellen Krogh, Karen Sonne Jakobsen, 2019-05-07 This collection offers an inclusive multifaceted look at individual students patterns of writing trajectories as well as their development of an identity as a writer Building on rare longitudinal research this translated text explores how adolescents learn subjects through writing and learn writing through subjects Contributors consider issues relating to different forms of writing and grapple with students ambivalence or resistance to this at school together offering an examination of how the education

system can rise to the challenge of offering today's students meaningful and appropriate writing instruction. Bringing knowledge from writing researchers and educational researchers together. Understanding Young People's Writing Development explores Young adults' complicated experiences with the school writing project. Practices, purposes and identification in student note writing. Knowledge construction in writing as experience and educational aim. The pedagogical challenges and perspectives of writing and writer development. Creativity as experience and potential in writing development. The impact of digital technologies and media on student writing. Using students' work to aid the understanding of practice. This book will help highlight the importance of viewing individual writer developments from a social, institutional and societal context and raise questions that will advance writing pedagogy and the teaching and learning of school subjects.

Handbook of Research in Educational Communications and Technology M. J. Bishop, Elizabeth Boling, Jan Elen, Vanessa Svihla, 2020-09-21. The 5th edition of the prestigious AECT Handbook continues previous efforts to reach outside the traditional instructional design and technology community to the learning sciences and computer information systems communities toward developing a conceptualization of the field. However, given the pervasive and increasingly complex role technology now plays in education, since the 1st edition of the Handbook in 1996, the editors have reorganized the research chapters in this edition to focus on the learning problems we are trying to solve with educational technologies rather than to focus on the things we are using to solve those problems. Additionally, for the first time, this edition of the Handbook reflects our field's growing understanding of the importance of design scholarship to inform practice by including design case chapters. These changes for this edition of the Handbook are intended to bring educational technology research into the broader framework of educational research by elaborating on the role instructional design and technology plays as a scholarly discipline in addressing education's increasingly complex issues. Provides comprehensive reviews of new developments in educational technology research and design practice. Includes concrete examples to guide future research and practice in the ways emerging technologies can be used to solve educational problems. Contains extensive references furnished to guide readers to the most recent research and design practice in the field of instructional design and technology.

*Language Disorders* Janet L. Patterson, Barbara L. Rodríguez, 2016-01-05 This book investigates language disorders in children who speak languages other than or in addition to English The chapters in the first section of the volume focus on language disorders associated with four different syndromes in multilingual populations and contexts This section discusses language disorders associated with autism spectrum disorders Down syndrome fetal alcohol syndrome and Williams syndrome The chapters in the second section of the book relate to language impairment in children who speak diverse languages although the issues they address are relevant across languages and cultural contexts The book also reviews assessment procedures and intervention approaches for diverse languages including Bengali Cantonese French Spanish and Turkish The volume aims to stimulate thoughtful clinical practice and further research in language disorders in multilingual populations Multidisciplinary Perspectives on Multilingualism Simona Montanari, Suzanne Quay, 2019-10-08

Multilingualism is a typical aspect of everyday life for most of the world s population it has existed since the beginning of humanity and among individuals of all backgrounds Nonetheless it has often been treated as a variant of bilingualism or as a phenomenon unique to individual areas of study The purpose of this book is to review current knowledge about the acquisition use and loss of multiple languages using a multidisciplinary perspective highlighting the common themes and stimulating insights that can emerge when multilingualism is viewed from different but related areas of investigation The chapters focus on research evidence showing that multilingualism is a complex phenomenon that involves a myriad of linguistic and extra linguistic forces and that should be studied in its own right as evidence of human potential and capacity for language The book is primarily addressed to students and scholars interested in deepening their understanding of the different facets of multilingualism including the individual and societal circumstances that contribute to it the cognitive and neural mechanisms that make it possible and the dynamics involved in the acquisition use and loss of multiple languages

**Sexual Revolutions in Cuba** Carrie Hamilton, 2012 Chronicling the history of sexuality in Cuba since the 1959 revolution this book frames the relationship between passion and politics in the revolution s wider history and argues that the Cuban revolutionary regime intervened in the sexual lives of Cubans in a variety of ways and transformed key areas of

Cuban life including the family reproduction sexual values and sexual relationships Drawing from a major oral history project the Memories of the Revolution oral history project conducted by a team of British and Cuban researchers Hamilton was one of the British researchers on the team between 2003 and 2007 Hamilton explores the experiences and perceptions of sexuality among Cubans across generations and social groups She contextualizes the oral histories within an array of archival and secondary sources relating them to issues of race class and gender as well as to social economic and political change Organized thematically the volume opens with a historical overview that points out that after 1959 revolutionary values continued to coexist with pre revolutionary ideologies in a potent and often contradictory mix Succeeding chapters examine discourse on love romance and passion on both personal and national levels male and female homosexuality sexual repression and changing gender roles and service to the revolution Hamilton explores conflicting notions of Cuba as a site of desire on the one hand and as a place of intense sexual repression especially with regard to homosexuality on the other She identifies many ways in which revolutionary policy affected sexual behavior including changes to policy and laws mass education programs leaders pronouncements on the relationship between good revolutionaries and private life and the provision of incentives to encourage certain forms of sexual union and repressive measures to discourage and punish others Hamilton argues that sexual politics were central to the construction of a new revolutionary society
