2016 Li Yuming, Li Wei, 2022-11-07 China with the world's largest population numerous ethnic groups and vast geographical space is also rich in languages. Since 2006 China's State Language Commission has been publishing annual reports on what is called language life in China. These reports cover language policy and planning initiatives at the national, provincial, and local levels, new trends in language use in a variety of social domains, and major events concerning languages in mainland China, Hong Kong, Macau, and Taiwan. Now for the first time these reports are available in English for anyone interested in Chinese language and linguistics. China's language education and social policies, as well as everyday language use among the ordinary people in China. The invaluable data contained in these reports provide an essential reference to researchers, professionals, policy makers, and China watchers.

The Japanese LGBTQ+ Community in the World Masami Tamagawa, 2022-12-30 This study of the Japanese LGBTQ community sheds light on the intersectionality of lived experiences including gender, sexuality, family, mental health, race, and ethnicity, migration, and nationality, offering a picture of a community whose experience is deeply embedded in the dynamic society around it. The Japanese LGBTQ Community in the World takes an innovative approach, viewing the community as an integral part of the world in flux, rather than an isolated, monoracial and monolingual, tight-knit entity. Like the US and many other countries in the world, when the pandemic struck Japan, its citizens were not all equally equipped to withstand it. Due particularly to lingering systemic injustices, including stigma, ostracism from family and society, as well as lack of legal protection of their basic human rights, the pandemic has disproportionately affected the lives of LGBTQ individuals and couples in Japan. They face unique challenges within various facets of their lives. Their experiences are an integral part of understanding how this pandemic is affecting a societal response to an already marginalized group of individuals. This important study looks at the issues from a range of perspectives, including public health, care services, the media, and cross-cultural experience. This book is ideal for students and scholars of gender studies, LGBTQ studies, sociology, health, and Asian studies.
