In the Kuby tradition, authors Jenni Punt, Sharon Stranford, Patricia Jones and Judy Owen present the most current topics in an experimental context, conveying the excitement of scientific discovery and highlighting important advances, but do so with the focus on the big picture of the study of immune response, enhanced by

unsurpassed pedagogical support for the first time learner Punt Stranford Jones and Owen bring an enormous range of teaching and research experiences to the text as well as a dedication to continue the experiment based pedagogical driven approach of Janis Kuby For this edition they have worked chapter by chapter to streamline the coverage to address topics that students have the most trouble grasping and to continually remind students where the topic at hand fits in the study of immunology as a whole
