From Smartphones to Social Media Mark Carrier, 2018-10-18 This book examines how technology such as smartphones computers and the internet shape our physical health cognitive and psychological development and interactions with one another and the world around us Technology has become a ubiquitous part of modern life but its impact on our physical psychological and social health and development runs just as deep as does our dependence upon it How is the development of babies brains affected by their playing with their parents smartphones and tablets How have computers altered the way we process and learn information How have texting and social networking sites such as Facebook changed the way in which we interact with others Can online dating lead to meaningful real world relationships **From Smartphones to Social Media** investigates these questions and many complex issues related to technology Readers will discover what researchers know about how the use of technology affects us through accessibly written thematic chapters The main text is complemented by a collection of case studies and interviews with a variety of experts providing insight into how technology s positive and negative effects manifest in our everyday lives and what we can do to mediate the negative ones

Studying Politics Across Media Leticia Bode, Emily K. Vraga, 2020-06-29 This book highlights the diverse methods needed to study a complex media environment and the nuance and richness of the understanding gained by doing so by offering examples of political communication research considering multiple platforms simultaneously Political communication research that considers multiple media platforms is difficult and expensive to perform and therefore relatively rare Yet studying media platforms in isolation ignores the realities of the varied and

complicated contemporary media experience where most individuals consume information from multiple media outlets Media platforms from traditional outlets such as newspapers and television to newer online platforms such as social media have proliferated in recent years This makes the media environment itself more complex as classic understandings of how the media function give way to a growing recognition of the hybrid media system where divisions between content and producers are opaque and where information is gleaned from increasingly diverse and numerous sources Studying political communication across platforms allows better understanding of which types of experiences and effects are universal and which are specific to particular platforms This book was originally published as a special issue of Political Communication

The Top Books of the Year Facebook And Others Learn How To Be More Social The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels captivating the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the captivating narratives that have enthralled audiences this year. Facebook And Others Learn How To Be More Social : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and thrilling novel that will keep you speculating until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
