Side-Stepping Normativity in Selected Short Stories by Sylvia Townsend Warner Rebecca K. Hahn,2020-07-27 Side Stepping Normativity Selected Short Stories by Sylvia Townsend Warner discusses Sylvia Townsend Warner s highly innovative narrative style which does not conform to conventional modernist or postmodernist standards and explores how Warner s short stories shift to off centre positions Side Stepping Normativity further outlines the way in which Warner constantly challenges the categories we apply to classify our surroundings and analyses how Warner succeeds in creating queer that is non heteronormative as well strange and peculiar stories without explicitly opposing the so called norms of her time In this Side Stepping Normativity joins a vibrant conversation in queer studies which revolves around the question how critics can approach literary texts from a non antagonistic position Rather than focussing on the role of the critic however this thesis shows that Warner s texts have long achieved what queer theorists seek to achieve on an analytical level The Heroine with 1001 Faces Maria Tatar,2021-09-14 World renowned folklorist Maria Tatar reveals an astonishing but long buried history of heroines taking us from Cassandra and Scheherazade to Nancy Drew and Wonder Woman The Heroine with 1 001 Faces dismantles the cult of warrior heroes revealing a secret history of heroinism at the very heart of our collective cultural imagination Maria Tatar a leading authority on fairy tales and folklore explores how heroines rarely wielding a sword and often deprived of a pen have flown beneath the radar even as they have been bent on redemptive missions Deploying the domestic crafts and using words as weapons they have found ways to survive assaults and rescue others from harm all while repairing the fraying edges in the fabric of their social worlds Like the tongueless Philomela who spins the tale of her rape into a tapestry or Arachne who portrays the misdeeds of the gods they have discovered instruments for securing fairness in

the storytelling circles where so called women s work spinning mending and weaving is carried out Tatar challenges the canonical models of heroism in Joseph Campbell s *The Hero with a Thousand Faces* with their male centric emphases on achieving glory and immortality Finding the women missing from his account and defining their own heroic trajectories is no easy task for Campbell created the playbook for Hollywood directors Audiences around the world have willingly surrendered to the lure of quest narratives and charismatic heroes Whether in the form of Frodo Luke Skywalker or Harry Potter Campbell s archetypal hero has dominated more than the box office In a broad ranging volume that moves with ease from the local to the global Tatar demonstrates how our new heroines wear their curiosity as a badge of honor rather than a mark of shame and how their mischief making evidences compassion and concern From Bluebeard s wife to Nancy Drew and from Jane Eyre to Janie Crawford women have long crafted stories to broadcast offenses in the pursuit of social justice Girls too have now precociously stepped up to the plate with Hermione Granger Katniss Everdeen and Starr Carter as trickster figures enacting their own forms of extrajudicial justice Their quests may not take the traditional form of a hero s journey but they reveal the value of courage defiance and above all care By turns dazzling and chilling Ruth Franklin *The Heroine with 1 001 Faces* creates a luminous arc that takes us from ancient times to the present day It casts an unusually wide net expanding the canon and thinking capaciously in global terms breaking down the boundaries of genre and displaying a sovereign command of cultural context This then is a historic volume that informs our present and its newfound investment in empathy and social justice like no other work of recent cultural history

Children Writing Stories Armstrong, Michael, 2006-03-01 Here is a worthy successor to Ted Hughes *Poetry in the Making* the book that enabled me to gain the confidence to begin to find my own voice as a story teller *Children Writing Stories* confirms that we all have a story to tell if we are enabled to develop enough self belief So much of our natural creativity is smothered during our school years Teachers and children feel hemmed in by the strictures of a curriculum which simply does not allow room for creativity to breathe Unlock the chains let the light in and this is the kind of writing that will flow this is the kind of intellectual and emotional growing that can transform young lives Michael Morpurgo *Children s Laureate* 2003 2005 What a splendid book Michael Armstrong pays attention thirty years of it to the stories that children write We get two for one the children s own delightful and intriguing work I want to rush off and write some Wally age 5 stories of my own and Michael Armstrong s intense interpretations Allan Ahlberg This is real learning at its best teaching by example through painstaking scrutiny of the art of young writers Absorbing moving enlightening inspiring Morag Styles University of Cambridge In *Children Writing Stories* Michael Armstrong reveals the creative force of children s narrative imagination and shows how this develops through childhood He provides a new and powerful understanding of the significance of narrative for children s intellectual growth and for learning and teaching The book explores a series of real stories written by children between the ages of five and fifteen and traces the growth of literary consciousness from the dawn of written narrative in the kindergarten through the early years of schooling and on into

adolescence Each chapter opens with a story or stories which the author then goes on to examine in detail so that the book may be seen as both a select anthology of children s stories and as a critical account of children s narrative practice This original and provocative book will appeal to teachers parents students of education and readers with an interest in literacy children s writing or narrative theory
