Trailblazing Women of Australian Public Broadcasting, 1945-1975 Kylie Andrews, 2022-07-05 *Trailblazing women of Australian Public Broadcasting 1945 1975* offers a compelling new perspective of Australian radio and television history. It chronicles how a group of female producers defied the odds and forged remarkable careers in the traditionally male domain of public affairs production at the ABC in the post-war decades. Kay Kinane, Catherine King, Theresa Denny and Joyce Belfrage were ambitious and resourceful producers, part of the vanguard of Australian broadcasters who used mass media as a vehicle for their social and political activism. Fiercely dedicated to their audiences, they wrote, directed and produced groundbreaking documentaries and current affairs programs that celebrated Australian life while also challenging its cultural complacency, its racism and sexism. They immersed themselves in the ABC's many networks of collaboration and initiated a range of strategies to expand their agency and authority. With vivid descriptions of life at the ABC, it traces their careers as they crossed borders and crossed mediums, following them as they worked on location shoots and in production offices in television studios, control rooms and radio booths. In doing so, it highlights the barriers, both official and unofficial, that confronted so many women working in broadcasting after World War II.

The Legacy of J. William Fulbright Alessandro Brogi, Giles Scott-Smith, David J. Snyder, 2019-08-13 This insightful collection of essays details the political life of one of the most prominent and gifted American statesmen of the twentieth century. From his early training in international law to his five terms in the US Senate, J. William Fulbright (1905-1995) had a profound influence on US foreign policy, and his vision for mutual understanding shaped the extraordinary exchange program bearing his name. As a senator for Arkansas for thirty years and the longest-serving chair of the Senate Foreign Relations Committee, Fulbright was one of the most influential figures of United States politics. His criticism of US involvement in Vietnam exemplified his belief in the effective management of international norms by international organizations, including the United Nations, which was the subject of his first bill in Congress. Yet alongside his commitments to liberal internationalism and multilateral governance, Fulbright was a southern politician who embraced the interests of the region's conservative white population. This juxtaposition of biased and broad-minded objectives shows a divide at the center of Fulbright's vision, which still has consequences for America's global policies today. This multidimensional volume covers Fulbright's development as a national and global voice on foreign relations as he wrestled with the political controversies of the US South during the civil rights movement, worked with and challenged executive power, and shaped the Fulbright program for educational exchange.
