

Dear customer,
 Congratulations on receiving gas connection through the Pradhan Mantri Ujjwala Yojana.
 Here are a few tips to use your LPG in the right and safest way.

Steps to keep in mind while using LPG

Always keep the cylinder in upright position.

Keep the gas stove minimum 6 inches above the cylinder on a stable surface. Also always stand while cooking.

Do not place the gas stove where there is strong wind flow.

Do not use any inflammable items in the kitchen other than the gas cylinder.

Always light the match stick before turning on the gas stove.

Avoid other work while cooking and always be present near the stove. Always use a cotton apron while cooking.

Always use tongs to hold the hot vessel used to cook and avoid using cloth.

Always keep the regulator switched off while sleeping or going out.

Always replace the safety hose every 5 years. Avoid trying to repair the gas stove on your own.

Steps to follow in case you smell gas in the air

If you smell LPG in air, do not switch on electric switches, lighter and matches. Open windows and doors immediately.

In case of gas leakage, put on the safety cap, leave it in the open and contact the distributor immediately.

In case of any gas leakage, contact your local gas distributor or call Helpline no. 1906.

For all LPG related enquiries and complaints, call our toll free number 1800 2333 555

We can maximise the use of LPG through a right and safe practice.
