Are There People Without a Self? Erdmuth Johannes Grosse, 2021-10-14 That in our times a kind of supernumerary person is appearing who is egoless who in reality is not a human being is a terrible truth Rudolf Steiner Are there people on earth today who do not have a self a human ego or I The phenomenon of egolessness the absence of a human being's core was discussed by the spiritual teacher Rudolf Steiner in lectures and personal conversations An egoless individual he intimated is an empty sheath through which other spiritual entities could operate Erdmuth J Grosse brings together many little known quotations from Rudolf Steiner's spiritual research and supports them with a wealth of disquieting reports testimonies and examples from literature and politics He places these insights within the broader context of the riddle of the human self throwing light on the spiritual development of the individual and humanity as a whole In this thought provoking study Grosse goes on to discuss the role of comets the effects of cyanide on the human constitution especially in the light of the Holocaust and the hidden effects of ceremonial magic occult lodges cults and sects In conclusion he offers positive solutions to humanity's present predicament by describing the healing impulses of social threefolding the invisible spiritual beings seeking to help humanity the role of the gods the Christ impulse and the true goals of human evolution **Aghātiyā Karmas** Kristi Lynn Wiley, 2000 **The Appearance of Christ in the Etheric** Sergei O. Prokofieff, 2012 Dedicated to the centenary of Rudolf Steiner's first proclamation of Christ's appearance in the etheric realm of the Earth this book discusses various aspects of that event that had not previously been addressed adequately Sergei Prokofieff points to three themes of primary importance all of which are connected directly with the tasks of the Society that Rudolf Steiner founded The preparation of humankind for the Second Coming Working with Christ as the Lord of Karma Recognizing in Anthroposophy the spiritual language through which questions can be posed to the etheric Christ today Prokofieff describes these and other critical undertakings such as forging a strong relationship with Michael and the importance of recognizing the adversarial forces attempting to falsify Christ's Second Coming The Appearance of Christ in the Etheric is of relevance to every individual who wishes to take an active role in fulfilling the needs of our time **Fruits of Anthroposophy** George Kaufmann, 1922 *Manga and the Representation of Japanese History* Roman Rosenbaum, 2013 This edited collection explores how graphic art and in particular Japanese manga represent Japanese history The articles explore the representation of history in manga from disciplines that include such diverse fields as literary studies politics history cultural studies linguistics narratology and semiotics Despite this diversity of approaches all academics from these respective fields of study agree that manga pose a peculiarly contemporary appeal that transcends the limitation imposed by traditional approaches to the study and teaching of history The representation of history via manga in Japan has a long and controversial historiographical dimension Thereby manga and by extension graphic art in Japanese culture has become one of the world's most powerful modes of expressing contemporary historical verisimilitude The contributors to this volume elaborate how

manga and by extension graphic art rewrites reinvents and re imagines the historicity and dialectic of bygone epochs in postwar and contemporary Japan Manga and the Representation of Japanese History will be of interest to students and scholars of Asian studies Asian history Japanese culture and society as well as art and visual culture **A Woman's Path** Almut Bockemühl, 2009 A woman who wishes simultaneously to find herself as an individual and to devote herself to motherhood is caught between two extremes that are hard to reconcile how to integrate motherhood with one's deepest personal aims Women today face the challenge of integrating the frequently conflicting demands of motherhood partnership work and personal development Writing from the experience of thirty three years of marriage and raising four children Almut Bockemühl is well qualified to understand the predicaments that women face and to offer empathy based on first hand knowledge Moreover this book offers profound spiritual direction for each woman seeking to meet the challenges of her unique biography At the heart of the dilemma is family care and the need for individual expression in a creative capacity self discovery and achieving personal goals The natural desire for children does not always mean a love of housework Bockemühl studies such conflicts in women's biographies and reflects on the history of feminism She also discusses the mythical roots of motherliness and matriarchy as well as the mothering instinct itself exploring the spiritual dimension and meaning of motherhood the profession of homemaking successful relationships and clashes between personal life and career The central theme of this enlightening handbook is an inspiring path of personal development for mothers and women everywhere

The Labdhisāra of Nemicandra Siddhānta Cakravartī Laxmi Chandra Jain, 1994 Study of Labdhisāra of Nemicandra Siddhānta cakravartin work on Jaina doctrines of karma and ancient mathematics and science **Reality, Truth and Evil** Thomas Meyer, 2005 Using the events of 9/11 and Pearl Harbor as his backdrop Meyer studies the issues of reality truth and evil Offering important new perspectives he shows that U.S. political practice under the influence of secret societies such as Skull and Bones is based on an ideology of polarity and conflict Meyer offers instances of this tendency encouraging what Huntington famously referred to as a clash of civilizations For example a week before George Bush Sr spoke in Congress about the need for a new world order a humorous cartoon map in the Economist divided the world's continents into religious and philosophical blocks creating a new region called Islamistan In 1997 National Security Advisor Zbigniew Brzezinski wrote openly of U.S. geo strategic plans stating that it would be hard to achieve such goals except in the circumstances of a truly massive and widely perceived direct external threat It seems that this was granted with the events of September 11 2001 and the consequent launch of the war on terror The immediate comparisons led by George W. Bush with Pearl Harbor demand a reassessment of the events of 1941 Meyer points to conclusive evidence suggesting that Roosevelt deliberately provoked the attacks and failed to pass on intelligence to US Navy chiefs Could it be possible that certain members of the U.S. elite likewise deliberately remained passive before 9/11 Why only two weeks after the attacks were celebrations held at CIA headquarters in which Bush profusely thanked the secret services on behalf of the American people In contrast to the divisive

thinking and conflict management of leading representatives of the Anglo American elite inspired by a contorted reading of some basic insights of the philosopher Hegel the author shows how the holistic approach of Rudolf Steiner and Mabel Collins offers a radical alternative for dealing with polarities and overcoming conflict

Beyond Death Firoozeh Papan-Matin,2010-04-27 The twelfth century Iranian mystic Ayn al Qu t al Hamadh n d 1131 wrote vividly of his explorations of death as a state of consciousness which he experienced while alive

This state and his visions of Doomsday and the innumerable non corporeal worlds that lie past the world of matter confront him with paradoxical realities that upset the notional understanding of faith The present book concerns itself with a discussion on the subject of death as it is viewed by one of the defining mystic scholars of medieval Iran Based on medieval manuscripts and primary sources in classical Persian and Arabic this book explores the significance of this important Iranian mystic and his insights on the nature of reality in light of death **Dictionary of Asian Philosophies** St. Elmo Nauman Jr,2002-09-10 From Avicenna to Zoroaster from Buddha to Gandhi the philosophers and thinkers of the East are documented along with their writings teachings and doctrines **Yoga in Modern Hinduism** Knut A. Jacobsen,2017-11-28 The S khyayoga institution of K pil Ma h is a religious organisation with a small tradition of followers which emerged in the last decade of the nineteenth century and the first decades of the twentieth century in Bengal in India around the renunciant and yogin Harihar nanda ra ya This tradition developed during the same period in which modern yoga was born and forms a chapter in the expansion of yoga traditions in modern Hinduism The book analyses the yoga teaching of Harihar nanda ra ya 1869 1947 and the K pil Ma h tradition its origin history and contemporary manifestations and this tradition s connection to the expansion of yoga and the Yogas tra in modern Hinduism The S khyayoga of the K pil Ma h tradition is based on the P ta jalayoga stra on a number of texts in Sanskrit and Bengali written by their gurus and on the lifestyle of the renunciant yogin living isolated in a cave The book investigates Harihar nanda ra ya s connection to pre modern yoga traditions and the impact of modern production and transmission of knowledge on his interpretations of yoga The book connects the K pil Ma h tradition to the nineteenth century transformations of Bengali religious culture of the educated upper class that led to the production of a new type of yogin The book analyses S khyayoga as a living tradition its current teachings and practices and looks at what S khyayogins do and what S khyayoga is as a yoga practice A valuable contribution to recent and ongoing debates this book will be of interest to academics in the fields of Religious Studies Anthropology Asian Studies Indology Indian philosophy Hindu Studies and Yoga Studies Academy, with which are Incorporated Literature and the English Review ,1891 *Hindu Mahasabha in Colonial North India, 1915-1930* Prabhu Bapu,2013 Hindu nationalism has emerged as a political ideology represented by the Hindu Mahasabha This book explores the campaign for Hindu unity and organisation in the context of the Hindu Muslim conflict in colonial north India in the early twentieth century It argues that India s partition in 1947 was a result of the campaign and politics of the Hindu rightwing rather than the Islamist politics of the Muslim League alone The book explains that the Mahasabha articulated Hindu nationalist ideology as a means of constructing a distinct Hindu political identity and unity among the Hindus in conflict with the Muslims in the country It looks at the Mahasabha s ambivalence with the Indian National Congress due to an extreme ideological opposition and goes on to argue that the Mahasabha had its ideological focus on an anti Muslim antagonism rather than the anti British struggle for India s independence adding to the difficulties in the negotiations on Hindu Muslim representation in the country The

book suggests that the Mahasabha had a limited class and regional base and was unable to generate much in the way of a mass movement of its own but developed a quasi military wing besides its involvement in a number of popular campaigns Bridging the gap in Indian historiography by focusing on the development and evolution of Hindu nationalism in its formative period this book is a useful study for students and scholars of Asian Studies and Political History **The Bihar & Orissa Gazette** ,1922 A Commerce of Knowledge Simon Mills,2020-01-07 A Commerce of Knowledge tells the story of three generations of Church of England chaplains who served the English Levant Company in Syria during the seventeenth and eighteenth centuries Reconstructing the careers of its protagonists in the cosmopolitan city of Ottoman Aleppo Simon Mills investigates the links between English commercial and diplomatic expansion and English scholarly and missionary interests the study of Middle Eastern languages the exploration of biblical and Greco Roman antiquities and the early dissemination of Protestant literature in Arabic Early modern Orientalism is usually conceived as an episode in the history of scholarship By shifting the focus to Aleppo A Commerce of Knowledge brings to light the connections between the seemingly separate worlds tracing the emergence of new kinds of philological and archaeological enquiry in England back to a series of real world encounters between the chaplains and the scribes booksellers priests rabbis and sheikhs they encountered in the Ottoman Empire Setting the careers of its protagonists against a background of broader developments across Protestant and Catholic Europe Mills shows how the institutionalization of English scholarship and the later English attempt to influence the Eastern Christian churches were bound up with the international struggle to establish a commercial foothold in the Levant He argues that these connections would endure until the shift of British commercial and imperial interests to the Indian subcontinent in the second half of the eighteenth century fostered new currents of intellectual life at home Psychology in the Indian Tradition Ramakrishna K. Rao,Anand C Paranjpe,2023-03-06 Professors Ramakrishna Rao and Anand Paranjpe are two distinguished psychologist philosophers who pioneered what has come to be known as Indian psychology In this authoritative volume they draw the contours of Indian psychology describe the methods of study define the critical concepts explain the central ideas and discuss their implications to psychological study and application to life The main theme is organized around the theme that psychology is the study of the person They go on to present a model of the person as a unique composite of body mind and consciousness Consciousness is conceived to be qualitatively and ontologically different from all material forms The goal of the person is self realization which consists in the realization of the true self as distinct and separate from the manifest ego It is facilitated by cultivating consciousness which leads to some kind of psycho spiritual symbiosis personal transformation and flowering of one s hidden human potentials **The Life of the Sixteenth Karmapa Rangjung Rigpe Dorje** Meng Wang,2022-11-08 The Sixteenth Karmapa Rangjung Rigpe Dorje was the first Tibetan Buddhist leader to make extensive teaching tours to the West His three tours to Europe and North America from 1974 to 1980 led to the global expansion of Tibetan Buddhist schools This book presents the most in depth analysis of the Karmapa s

contribution to the preservation and transmission of Tibetan Buddhism in exile It is the first study to combine Tibetan life writing and biographical materials in English with a thorough examination of the transformation of Tibetan Buddhism in the modern era of globalization Drawing on a wide range of data from written accounts collections of photographs recordings of interviews and documentaries the author discusses the life and activity of the Karmapa through the lens of cross cultural interaction between Buddhism and the West with a particular focus on Asian agency The study shows that the Karmapa s transmission strategies emphasized continuity with tradition with some openness for adaptation His traditionalist approach and his success on the global scale challenge the popular assumption that the transmission of Buddhism is primarily a matter of Westernization which in turn calls for a broader view that recognizes its complex and dynamic nature
