The Beatles on the Roof Tony Barrell, 2017-10-26 At lunchtime on a bitterly cold January day in 1969 the strains of guitar chords could be heard in the streets surrounding London s Savile Row Crowds gathered At ground level and above People climbed onto roofs and postboxes skipped lunch to gather and listen For the first time in more than two years The Beatles were playing live Ringing from the rooftops disturbing the well to do ears of the tailors below they upset the establishment and bewildered the police It was filmed by director Michael Lindsay Hogg who hoped the footage would act as the finale to a celebratory TV special When it finally surfaced it was in the bleak tumultuous documentary Let It Be And The Beatles would never play live again Tony Barrell examines the concert within the context of its time He speaks to those who were there the fans film makers roadies Apple Corps staff and police He explores the politics of 1968 when peace gave way to protest and how music promotion began to collide with cinema and reality TV The Beatles on the Roof makes essential reading for anyone interested in the band s reinventions and relationships revealing why the rooftop concert happened at all why it happened the way that it did and why it would never happen again
