Summary of Pia Mellody's Facing Codependence Everest Media, 2022-06-10T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 Those who are codependent are often in an emotional state marked by anxiety and feelings of being irrational dysfunctional and or crazy They often find

themselves overreacting to everyday happenings experiencing feelings far more excessive than appropriate for a given situation 2 The emotional factor of codependence can also be triggered by the disappointment of interviewing for a job and not being hired the sadness of a good friend moving to another town or the anger of a neighbor's dog messing up the flower bed 3 The families of alcoholics and other chemically dependent people often noticed that their emotions were intensified in their relationships with the alcoholic or addict but they were unable to express them in a healthy way because of a compulsion to please and care for the addicted person 4 The disease of codependence is difficult to see from the outside as its sufferers wear a mask of adequacy and success designed to win the all important approval of others But these slaves of powerful seemingly groundless compulsive feelings are doomed to be on an endless treadmill of personal failure and intensified experiences of shame pain fear and repressed anger

Do you worry that you drink too much? Or perhaps you fear that your dependence on drugs, food, sex, or some other vice is spiralling out of control and taking your quality of life with it? In *Who Says I'm an Addict*, David Smallwood looks at the issue of addiction with compassion, clarity, and wisdom that comes not only from his own difficult journey with addiction but from his considerable experience overseeing treatment programmes in rehabilitation clinics. David looks in detail at all areas of addiction: from denial, hitting rock bottom, and dealing with shame and guilt to how our family of origin and the traumas we go through in childhood influence us in later life. He then explores the road to long-term recovery, guiding the reader on how to do the emotional work necessary to ensure that they avoid relapse and can finally lay their demons to rest and get on with rebuilding their life.

Confessions of a Codependent Jacqueline Williams, 2006-08. After enduring more than her share of codependent relationships, author Jacqueline Williams knew she needed to change her behavior patterns. Through a great deal of soul-searching therapy and prayer, Williams came to understand her codependency and how to eradicate it from her relationships. Written especially for women, *Confessions of a Codependent: How to Identify and Eliminate Unhealthy Relationships* defines codependent relationships, explains why they are so self-destructive, and explores why these relationships can at times lead to physical violence. *Confessions of a Codependent* shares other women's stories of codependent, abusive, and/or dysfunctional relationships, as well as the ways these women were able to leave them and move on to healthier partnerships. *Confessions of a Codependent* also includes practical advice on how to recognize signs that your relationship may be heading toward emotional and/or physical abuse, how to move away from self-defeating and self-destructive behaviors, and resources that you can use to escape a codependent relationship. If you're struggling in your current relationship and feel trapped by codependency, break the cycle with *Confessions of a Codependent*.

The Mother and the Manager Elizabeth Ralston, 2014-08-22. In *The Mother and the Manager*, Elizabeth Ralston courageously explores how our traditional gender roles create codependent behaviors in men and women and offers positive, workable solutions toward dealing with this problem. *The Mother and the Manager* takes an in-depth look at how our society has evolved and impacted gender roles into the twenty-first century. As 12-Step recovery groups have flourished in recent years, women have been educated about why they have issues such as low self-esteem, perfectionism, rigidity, relationship failures, inability to get their needs met, and fear of conflict. Elizabeth has bravely shared about how patriarchy has impacted her life and how recovery has helped her to empower and heal herself. She will help many who are searching for answers to their questions and will help them on the road to recovery. I salute her ability to face her fears about rocking the boat in writing this book.

Leaving Home--Finding Home Jessie C. Mejias, 2010-02-26 Leaving Home Finding Home My Journey from Shame to Sonship through Journaling is the first book of its kind showing how God Himself brought inner healing by speaking into one woman's life In it author Jessie Mejias shares how God counsels and heals her through journaling The central theme of Leaving Home Finding Home is healing through intimacy with God an intimacy that develops as she writes out her conversations with Him The author devotes several chapters to her background and childhood but the heart of the book is Jessie's actual journal About her decision to share her journal verbatim she says When the Lord first instructed me to write this book my natural instinct was to transform the ramblings of my mind and heart into a nice neat package that the reader could easily follow However as I prayed about His instructions I felt very strongly that He wanted me to demonstrate how I received my healing through journaling itself Jessie Mejias grew up in what she would have described as an Ozzie and Harriet kind of home loving parents close siblings good schools and a religion that dictated solid values What she did not know was that beneath the surface lay a shaky foundation of dysfunctional family rules and generational patterns As a young adult Jessie watched her neat world crumble when two of her siblings succumbed to mental illness while the family stood by helplessly Subsequently her family scattered and she unwittingly married an abusive alcoholic man Her disastrous marriage precipitated her decision to give her life to Christ But despite her newfound faith at age 27 she found herself a single mother of two young sons In the ensuing years Jessie sought and found healing and growth through studying the Bible and receiving Christian counseling Miraculously she and her husband were remarried after seven years of separation and divorce She became involved in teaching and leading Bible studies within her local church and was confident that she was already experiencing the abundant life that God promised to His children However when she decided to return to school to earn a degree in Christian counseling God began to show her that she was still suffering from the traumas of her childhood and that shame was an integral part of her life that He wanted to remove This revelation launched her into an unprecedented time of accelerated healing that was to be the inspiration for this book Leaving Home Finding Home chronicles that journey from shame to sonship through one on one dialogue with God Shame is a universal problem that is sometimes hard to pinpoint We describe ourselves as embarrassed shy fearful or hesitant but we never actually understand that the source of these emotions is shame Shame is a terrible feeling that we are a mistake that somehow we were never supposed to exist The author found that this feeling of shame was so deeply hidden in her heart that it was not until God

began to unwrap her from her emotional chains that she could see that this was the true source of her poor self image Jessie vividly describes her feelings of shame It was as if all my life I had been living in a slum that I would leave from time to time to go the nice clean neighborhood down the block at first for short times then for longer and longer periods of time but inevitably I would end up at some point back in this dump The sight of it would make me sick but I did not know how to leave it completely behind God Himself initiated this unique approach to inner healing as He took Jessie back to her childhood home and school and walked with her through each traumatic event of her young life reaching deep into her heart to show her what was hidden there
