Criticising the Ruler in Pre-Modern Societies - Possibilities, Chances and Methods Karina Kellermann, Alheydis Plassmann, Christian Schwermann, 2019-12-09 In vormodernen Monarchien beobachten wir Widerspruch und Widerstand gegen einzelne Herrscher ihre politischen Entscheidungen und ihre Verwaltung aber in der Regel keine direkten Angriffe auf die Ordnungsprinzipien und das politische System Wenn Unzufriedenheit zu Aufständen und Revolten führte blieb es normalerweise bei einem bloßen Austausch des Regenten Subtilere Methoden der Herrscherkritik konnten sich mittels fester Usancen oder spezifischer Codes und Spielregeln innerhalb des legalen Rahmens Gehör verschaffen und zielten darauf ab die Qualitäten des Regenten zu verbessern oder spezifische Modi der Amtsführung zu reformieren Diese verschiedenen Formen und Praktiken von Herrscherkritik in vormodernen monarchischen Gesellschaften sind Gegenstand dieses Bandes When looking at pre modern monarchical societies one does not expect to observe fundamental dissent directed at the social order as such or at the political system As a rule criticism was limited to individual monarchs their performance and decisions While discontent could lead to insurrection and rebellion which normally only culminated in the ruler being replaced by another monarchical figurehead the subtler methods of voicing criticism were applied within a framework of legality of a set of customs or of a code of rules of the game and intended to improve the performance of the incumbent or reform his conduct at court The various forms of verbal or staged censure of rulers in pre modern monarchical societies are the subject of this volume

The Singularity Peter Dempsey, 2020-02-26 Those who cannot remember the past are condemned to repeat it are the famous words of George Santayana The twentieth century was a time of extraordinary developments in science and technology which lifted hundreds of millions of people out of poverty and brought to the middle and working classes of affluent societies a standard of living that they could only have dreamed of The political influence of the middle class increased as the aristocratic elites were replaced with a technocratic and managerial ruling class Science became the new god The Singularity provides an in depth analysis of the consequence of using the scientific view reduced to a universally applicable method in the creation of a perfect social model The ideologies that resulted from this process are examined as power tools that caused death or untold suffering and misery for millions of people The essay then shows how socially engineered nightmares which did not end with the collapse of communism threaten to destroy our entire civilization The only way to stop being objects of recurrent experiments by a power obsessed elite is to restore our faith spirituality and intellectual curiosity Free will is the sparkle that makes us human

Not Exactly Lying Andie Tucher, 2022-03-29 Winner 2023 Columbia University Press Distinguished Book Award Winner 2023 Frank Luther Mott Kappa Tau Alpha Research Award Winner 2023 Journalism Studies Division Book Award International Communication Association Winner 2023 History Book Award Association for Education in Journalism and Mass Communication Long before the current preoccupation with fake news American newspapers routinely ran stories that were not quite strictly speaking true Today a firm boundary

between fact and fakery is a hallmark of journalistic practice yet for many readers and publishers across more than three centuries this distinction has seemed slippery or even irrelevant From fibs about royal incest in America s first newspaper to social media driven conspiracy theories surrounding Barack Obama s birthplace Andie Tucher explores how American audiences have argued over what s real and what s not and why that matters for democracy Early American journalism was characterized by a hodgepodge of straightforward reporting partisan broadsides humbug tall tales and embellishment Around the start of the twentieth century journalists who were determined to improve the reputation of their craft established professional norms and the goal of objectivity However Tucher argues the creation of outward forms of factuality unleashed new opportunities for falsehood News doesn t have to be true as long as it looks true Propaganda disinformation and advocacy whether in print on the radio on television or online could be crafted to resemble the real thing Dressed up in legitimate journalistic conventions this fake journalism became inextricably bound up with right wing politics to the point where it has become an essential driver of political polarization Shedding light on the long history of today s disputes over disinformation Not Exactly Lying is a timely consideration of what happens to public life when news is not exactly true
