

Biology 1 A/B
Hart High School
Mrs. Erica Hardbarger (Mrs. H ☺)

Dear Students and Parents,

Welcome to Biology!! For a successful learning experience, certain guidelines need to be followed in the classroom. In this letter I have listed an explanation of our course goals and expectations, classroom policies, and their relation to the "Expected School Wide Learning Results."

1. Course Outline

During the course of the semester, the students shall show that they are academically competent learners. Students enrolled in this class will understand basic biological science principles presented as required by the state standards, be able to apply these concepts to various problems and real life applications, and express themselves using appropriate scientific vocabulary. Topics for each semester include:

****Parents Please Read:** Due to the nature of biology, a "life science," some class discussions and readings will relate to reproduction. Please contact me if you have any concerns.

2. Course Themes

Per collaboration with College of the Canyons, the respective science departments have identified 5 themes that content should relate to in order to better prepare students for freshman college biology.

- ♥ Metabolism and Transfer of Energy
- ♥ Cell Structure and Function
- ♥ The Central Dogma of Biology
- ♥ Patterns of Inheritance
- ♥ Analysis of Laboratory Data

3. Class Text

Students must demonstrate that they are effective communicators, and in this class we will attempt to build on reading and writing skills with the aid of Prentice Hall's "dragonfly" book titled Biology.

4. Classroom Procedures

Students should work to be productive individuals capable of managing their time most effectively, of following directions, and of self-discipline. Here are a few class policies to help students reach this goal...

1. Come to class, and be on time. I will adhere to the school's attendance policy.
2. Food or drink is not allowed at any time in the laboratory classroom - water is permitted.
3. Electronic devices of any type are never to be turned on or used while in the classroom.
4. Assignments are due to the Inbox when asked for. Most late assignments are accepted at any time during the semester. However, failure to complete work in a timely, professional manner tends to negatively affect student achievement on assessments and in the laboratory.
5. Homework, tests, and quizzes can be made up only in the case of an excused absence. Missed exams and quizzes may not be made up during class time, only during designated tutoring hours.
6. To make up a lab you must see your teacher about an alternate assignment. You are still responsible for learning and understanding the material on the missed lab.
