Revolutionizing K-12 Blended Learning through the i²Flex Classroom Model Avgerinou, Maria D., Gialamas, Stefanos P., 2016-06-20 Blended learning has gained significant attention recently by educational leaders practitioners and researchers i Flex a variation of blended learning is based on the premise that certain non interactive teaching activities such as lecturing can take place by students without teachers direct involvement Classroom time can then be used for educational activities that fully exploit teacher student and student student interactions allowing for meaningful personalized feedback and scaffolding on demand Revolutionizing K 12 Blended Learning through the i Flex Classroom Model presents a well rounded discussion on the i Flex model highlighting methods for K 12 course design delivery and evaluation in addition to teacher performance assessment in a blended i Flex environment Emphasizing new methods for improving the classroom and learning experience in addition to preparing students for higher education and careers this publication is an essential reference source for pre service and in service teachers researchers administrators and educational technology developers

Globalisation, Ideology and Politics of Education Reforms Joseph Zajda, 2015-10-09 This 14th volume in the 24 volume book series sets out to explore the interrelationship between ideology the state and education reforms placing it in a global context It examines some of the major education reforms and policy issues in a global culture particularly in the light of recent shifts in accountability quality and standards driven education and policy research By doing so it provides a comprehensive picture of the intersecting and diverse discourses of globalisation and policy driven reforms in education The book draws upon recent studies in the areas of globalisation equality and the role of the state It explores conceptual frameworks and methodological approaches applicable in the research covering the state globalisation and education reforms It critiques the neo liberal ideological imperatives of current education and policy reforms and illustrates the way that shifts in the relationship between the state and education policy affect current trends in education reforms and schooling globally Individual chapters critically assess the dominant discourses and debates on education and policy reforms Using diverse comparative education paradigms from critical theory to historical comparative research the chapters focus on globalisation ideology and democracy and examine both the reasons and outcomes of education reforms and policy change They provide an informed critique of models of accountability quality and standards driven education reforms that are informed by Western dominant ideologies and social values The book also draws upon recent studies in the areas of equity cultural capital and dominant ideologies in education

Katalog der Buch- und Antiquariats-Handlung von Theodor Ackermann, Promenadeplatz 10 in München Theodor Ackermann, 1887 [A Catalogue of the Library of the College of St. Margaret and St. Bernard \(etc.\)](#) Thomas-Hartwell Horne, 1827 **A Catalogue of the Library of the College of St. Margaret and St. Bernard, Commonly Called Queen's College in the University of Cambridge** Thomas Hartwell Horne, 1827 *A Catalogue of the Library of the College of St. Margaret and St. Bernard* Queens' College (University of

Cambridge). Library,1827 **Collecting for the Curriculum** Amy J. Catalano,2015-09-28 If you re a librarian charged with collecting curriculum materials and children s literature to support the Common Core State Standards then this book the only one that offers explicit advice on collection development in curriculum collections is for you While there are many publications on the Common Core for school librarians and K 12 educators no such literature exists for curriculum librarians at the post secondary level This book fills that gap standing alone as a guide to collection development for curriculum librarians independent of the Common Core State Standards CCSS The book provides instruction and guidance to curriculum librarians who acquire and manage collections so you can develop a collection based on best practices The book begins with a primer on the CCSS and how curriculum librarians can support them Discussion of the Standards is then woven through chapters arranged by content area that share research based practices in curriculum development and instruction to guide you in curriculum selection Material types covered include games textbooks children s literature primary sources counseling and nonfiction Additional chapters cover the management of curriculum collections testing collections and instruction and reference as well as how to support and collect for special needs learners Current practices in collection development for curriculum materials librarians are also reviewed The book closes with a discussion of the future of curriculum materials

Exemplars, Imitation, and Character Formation Eric Yang,2024-08-22 This volume examines the role and relevance of exemplars and the practice of imitation in character development and formation While the role of exemplars and imitation in spiritual and moral formation has been an integral part of many religious and wisdom traditions in recent times there has been limited theological and philosophical investigation into it and a dearth of interdisciplinary discussion The book brings together relevant research and insights from leading experts within philosophy psychology and theology with a slight emphasis on Christian approaches to exemplars and imitation especially given the reflection on these themes throughout the history of the Christian intellectual and mystical tradition Many of the contributions display an interdisciplinary approach into these issues hence this volume will be of interest to philosophers psychologists theologians and others who work in moral psychology and character formation **The Sense of Power** Carl Berger,2013-01-01 Prior to the publication of *The Sense of Power* most studies of the Canadian movement for imperial unity focused on commercial policy and military and naval cooperation This influential book demonstrated that the movement which held that Canada could only become a great nation within the British Empire was significantly influenced by its leading advocates belief in nationalism Carl Berger explores the emotional appeal and intellectual context of this belief arguing that these advocates support of imperial unity can be grasped only in terms of their commitment to certain conservative values and in relation to their conception of Canada The *Sense of Power* was commended by the *Toronto Star* when it was first published as entertaining as well as brilliant and in 2011 Ramsay Cook noted that few first books or for that matter few books have made as marked an impact on the interpretation of a major theme in Canadian history This second edition brings to life the work s incisive analysis and its

important contribution to Canadian intellectual history
