Hp Loadrunner Analysis User Guide:

Advances on Computational Intelligence in Energy Tutut Herawan, Haruna Chiroma, Jemal H. Abawajy, 2019-07-12 Addressing the applications of computational intelligence algorithms in energy this book presents a systematic procedure that illustrates the practical steps required for applying bio inspired meta heuristic algorithms in energy such as the prediction of oil consumption and other energy products Contributions include research findings projects surveying work and industrial experiences that describe significant advances in the applications of computational intelligence algorithms in energy For easy understanding the text provides practical simulation results convergence and learning curves as well as illustrations and tables Providing a valuable resource for undergraduate and postgraduate students alike it is also intended for researchers in the fields of computational intelligence and energy

Computer Performance Optimization Wolfgang W. Osterhage, 2014-07-08 Computing power performance was important at times when hardware was still expensive because hardware had to be put to the best use Later on this criterion was no longer critical since hardware had become inexpensive Meanwhile however people have realized that performance again plays a significant role because of the major drain on system resources involved in developing complex applications This book distinguishes between three levels of performance optimization the system level application level and business processes level On each optimizations can be achieved and cost cutting potentials can be identified The book presents the relevant theoretical background and measuring methods as well as proposed solutions An evaluation of network monitors and checklists rounds out the work

Computational Intelligence in Data Mining Himansu Sekhar Behera, Durga Prasad Mohapatra, 2017-05-19 The book presents high quality papers presented at the International Conference on Computational Intelligence in Data Mining ICCIDM 2016 organized by School of Computer Engineering Kalinga Institute of Industrial Technology KIIT Bhubaneswar Odisha India during December 10 11 2016 The book disseminates the knowledge about innovative active research directions in the field of data mining machine and computational intelligence along with current issues and applications of related topics The volume aims to explicate and address the difficulties and challenges that of seamless integration of the two core disciplines of computer science
