math so I've combined all of those interests into a new all ages geometric progressive coloring book of 100 designs. Coloring has a great calming effect because while we color we focus on a specific action and not on the stress of the day. What do I mean when I say progressive coloring book? I mean that each page is a design based on a number from 1 to 100 in order. So page one is 1 circle, page two has 2 circles, the 3rd is 3 circles, etc. Each and every number all the way to a 100 circle design. The designs start out very simple but quickly get very detailed. One Hundred Designs, One Side Printed Pages. Choose a design to suit your current mood from super simple beginner to extremely intricate expert levels. 8 1/2 x 11 Inch.
