Beginners Investing and Trading Guide for High Profits Joe Grana, If you are a beginner and thinking about getting into trading and investing this book was written just for you This book details all the best information that brand new beginner investors and aspiring traders need in the beginning of their educational journey The information in this book can save you a lot of time in the learning curve for the trading business which can sometimes be long and very expensive if you start off the wrong way from the first day Making high profits in the financial markets on a daily basis is not that hard if you know what to look for and where to look for it I talk about a method of trading and investing in this book that can be used on any liquid market on any time frame you desire to look at Using this method for your investing and trading is wise because it is the only thing that can tell you with a high degree of certainty when the market is going to turn and can also tell you with a high degree of certainty where the market is likely to go to kind of like having your own crystal ball There are people in the live markets willing to walk over dead bodies to make money and they are certainly willing to invite you the novice retail trader into the market They are there to get paid and the brand new retail traders who have made the mistake of not getting the right information and not doing the proper education and training from their first day in the business are the traders who they get paid from Ask yourself this question before you start out in this business Do I want to be the one who is paying the smart money or do I want to be the one who gets paid This book is written to give you a fighting chance in the live markets by telling you just what it takes to become a high profit money making professional who can compete with the best professional money makers in the world I encourage you to make this the first book you purchase for your pre education in the trading and investing business and then use it as a reference book in your library if needed throughout your entire career There are zero shortcuts to becoming a consistently profitable investor and trader you simply must do the time to prepare yourself to be able to work in the live markets against the best participants in the world You owe it to yourself to do the right education and training from the start The result of not doing it the right way from the first day is not an option and could cause a brand new trader to have a catastrophic unfavorable financial outcome and no one wants that Click on that Orange button in the upper right of the page you are on and get started learning today

The Sensible Guide to Forex Cliff Wachtel, 2012-09-04 FXstreet Com s 2013 Best Book Award The Sensible Guide to Forex Safer Smarter Ways to Survive and Prosper from the Start is written for the risk averse mainstream retail investor or trader seeking a more effective way to tap forex markets to improve returns and hedge currency risk As the most widely held currencies are being devalued they re taking your portfolio down with them unless you re prepared For traders the book focuses on reducing the high risk complexity and time demands normally associated with forex trading For long term investors it concentrates on how to hedge currency risk by diversifying portfolios into the strongest currencies for lower risk and higher capital gains and income The usual forex materials don t provide practical answers for most retail traders or longer term investors Virtually all forex

trading materials focus on time consuming high leverage high risk methods at which most traders fail Materials about long term investing in foreign assets rarely take into account the prospects of the related currency A falling currency can turn an otherwise good investment into a bad one Throughout the book the emphasis is on planning and executing only low risk high potential yield trades or investments and avoiding serious losses at all costs Packed with richly illustrated examples every step of the way and including additional appendices and references to online resources the book is the ultimate guide to forex for retail traders and investors seeking to tap forex markets for better currency diversification and income Provides traders with safer smarter less complex and time consuming ways to trade forex with higher odds of success These include the use of such increasingly popular new instruments like forex binary options and social trading accounts that mimic expert traders Shows investors how to identify the currencies most likely to hold or increase their value and provides a wealth of ideas about how to apply that knowledge to a long term low maintenance portfolio for both income and capital appreciation Helps anyone seeking an asset class with low correlation to other markets by explaining how the very nature of forex markets means that regardless of market conditions there s always a playable trend somewhere regardless of what other asset markets are doing and how to find and exploit it for a short term trade or a long term investment in a currency pair stock bond or other asset The Sensible Guide to Forex is only book that teaches mainstream risk averse investors and traders how to build a portfolio that s diversified by currency exposure as well as by asset class and sector via a variety of safer simpler methods to suit different needs risk tolerances and levels of expertise Written by Cliff Wachtel a 30 year financial market writer advisor and analyst The Sensible Guide to Forex offers practical solutions to the above dilemmas faced by every serious prudent investor A must own for any informed investor but don t take out word for it see advanced reviews at <http://thesensibleguidetoforex.com> review
