**Rough Guides**

## **Guide To Shopping In London:**

**The London Shopping Companion** Nicki Pendleton Wood, 2004 While certainly a travel guide the perfect book for the discriminating traveler also provides personal shopping guidance from someone who knows how to look at each establishment from a resident's point of view

**London Shopping Guide** Elsie Burch Donald, 1981

**Shopping for Pleasure** Erika Rappaport, 2021-06-08 In *Shopping for Pleasure* Erika Rappaport reconstructs London's Victorian and Edwardian West End as an entertainment and retail center In this neighborhood of stately homes royal palaces and spacious parks and squares a dramatic transformation unfolded that ultimately changed the meaning of femininity and the lives of women shaping their experience of modernity Rappaport illuminates the various forces of the period that encouraged and discouraged women's enjoyment of public life and particularly shows how shopping came to be seen as the quintessential leisure activity for middle and upper class women Through extensive histories of department stores women's magazines clubs tearooms restaurants and the theater as interwoven sites of consumption *Shopping for Pleasure* uncovers how a new female urban culture emerged before and after the turn of the twentieth century Moving beyond the question of whether shopping promoted or limited women's freedom the author draws on diverse sources to explore how business practices legal decisions and cultural changes affected women in the market In particular she focuses on how and why stores presented themselves as pleasurable secure places for the urban woman in some cases defining themselves as instrumental to civic improvement and women's emancipation Rappaport also considers such influences as merchandizing strategies credit policies changes in public transportation feminism and the financial balance of power within the home *Shopping for Pleasure* is thus both a social and cultural history of the West End but on a broader scale it reveals the essential interplay between the rise of consumer society the birth of modern femininity and the making of contemporary London

**The Rough Guide to London** Rob Humphreys, 2003 This definitive insiders handbook to London covers all the sights from the old favorites to new wonders such as the London Eye and Tate Modern Gallery at Bankside Includes additions to listings for clubs shopping dining and performing arts 35 maps color maps

**Waterloo Sunrise** John Davis,2024-03-26 This is an urban history of London during the pivotal years of the 1960s and 1970s when the metropolis was transformed from an industrial city that the Victorians might have recognised to an embryonic modern world city Previous work on London in these years has tended to focus upon the 1960s in particular the Swinging London phenomenon Mary Quant Carnaby Street and the King s Road Chelsea all appear in these pages but it is argued that the swinging moment of the mid sixties was a passing symptom of a much broader transformation from an industrial to a service based city and it is that transformation which this book examines London is too complex and diverse a city to be comprehended in a simple linear narrative this book adopts instead an innovative approach to urban history by which London life and London s transformation are examined through a number

of case studies looking at specific themes and areas of the city Consumerism and the experience economy home ownership and gentrification deindustrialisation and deprivation racial tension and unemployment the attrition of public services and the steady loss of confidence in public agencies national and local emerge as overarching themes from the individual case studies in this book Their combined effect it is argued was to prepare the ground for the Britain that Margaret Thatcher is usually held to have created after 1979 without Thatcher herself having anything to do it Pocket Rough Guide London Samantha Cook,2017-02-21 Whether you have an afternoon a few days or more at your disposal Rough Guides carefully curated itineraries help you plan your trip and the Best of London section picks out the highlights you won t want to miss Divided by area for easy navigation the Places section is written in Rough Guides trademark honest and informative style with listings of the must see sights and our pick of the best places to eat drink and more Make the most of your time with Pocket Rough Guide London *Designing the Department Store* Emily M. Orr,2019-11-28 The book builds an original argument for the department store as a significant site of design production and therefore offers an alternative interpretation to the mainstream focus on consumption within retail history Emily M Orr presents a fresh perspective on the rise of modern urban consumer culture of which the department store was a key feature By investigating the production processes of display as well as fascinating information about display making s tools and technologies the skills of the displayman and the meaning and context of design decisions which shaped the final visual effect are revealed In addition the book identifies and isolates display as a distinct moment in the life of the commodity and understands it as an influential channel of mediation in the shopping experience The assembly and interpretation of a diverse range of previously unexplored primary resources and archives yields fascinating new evidence showing how display achieved an agency which transformed everyday objects into commodities and made consumers out of passersby
