

## **Departmental Handbook - Example 'CONTENTS' page...**

The following is an example only of a Contents page, purely to be used as a starting point, if you need one. It is important that your Department Handbook contains what is applicable to your department.

A Department Handbook should be considered as a working document - all staff should be encouraged to annotate the pages... jot down recommendations for improvement... cross through irrelevant/outdated information... The Handbook can then be updated at the end of the school year.
