Horrell, 2015-08-12

The biblical and Christian traditions have long been seen to have legitimated and encouraged humanity's aggressive domination of nature Biblical visions of the future with destruction for the earth and rescue for the elect have also discouraged any concern for the earth's future or the welfare of future generations But we now live in a time when environmental issues are at the centre of political and ethical debate What is needed is a new reading of the biblical tradition that can meet the challenges of the ecological issues that face humanity at the beginning of the third millennium The Bible and the Environment examines a range of biblical texts from Genesis to Revelation evaluating competing interpretations The Bible provides a thoroughly ambivalent legacy Certainly it cannot provide straightforward teaching on care for the environment but nor can it simply be seen as an anti ecological book Developing an ecological hermeneutic as a way of mediating between contemporary concerns and the biblical text The Bible and the Environment presents a way of productively reading the Bible in the context of contemporary ecology     **The Rough Guide to the USA (Travel Guide eBook)** Rough Guides, 2017-03-30 The Rough Guide to the USA is the ultimate guide to all fifty star spangled states Whether you're planning a mammoth cross country road trip an action packed whizz around the Rockies or just a lazy time lounging on the West Coast's best beaches this fully updated guide will assist you every step of the way Packed with colour maps itineraries and route suggestions The Rough Guide to the USA will help you discover the best the United States has to offer from New York's galleries and Miami's nightlife to the lobster shacks of Maine and the vineyards of California With expert reviews of hotels restaurants clubs and bars plus all the information you'll need on city sights and national parks you'll make the most of your American adventure with The Rough Guide to the USA     **Dixie Highway**, 1925     Field & Stream, 1988-09 FIELD STREAM America's largest outdoor sports magazine celebrates the outdoor experience with great stories compelling photography and sound advice while honoring the traditions hunters and fishermen have passed down for generations     **Nashville - Insiders' Guide** Cindy Stooksbury Guier, Jeff Walter, 2000-09 The Insiders Guides series has an all new look and feel for 2000 The terrific content that the series is known for the best hotels restaurants annual events and attractions parks and recreation chapters and superb relocation information is showcased in the new handy 6 x 9 trim size bright eye catching cover with updated logo and a streamlined easy to use interior Take a backstage tour of Music City U S A with this updated comprehensive guide to one of the South's most popular destinations Discover grand old neighborhoods like Belle Meade and tour the city's fantastic nightlife and country music scene From Nashville staples like the Grand Ole Opry and Music Row to new attractions like the Tennessee Titans this guide has everything you need to make the most of
